GOVERNOR MAKING WASHINGTON TRIP

Will Return To Harrisburg
Instead Of Going To His
Milford Home

(International News Service)
HARRISBURG, Sept. 14.—While guns barked and violence flared anew in the bituminous fields of Western Pennsylvania today Gov. Gifford Pinchot by telephone from Washington announced he contemplated no immediate action.

When informed that a number of persons had been injured in battles at mines in Fayette county, the governor altered his plans to go to his country estate at Milford from Philadelphia tonight and instead will return to the state capital. He was scheduled to speak at Philadelphia late this afternoon.

Governor informed
Attaches of the governor's office here asserted the governor "is being informed of the developments in the bituminous fields."

"He has no immediate plans and has reached no decision regarding the sending of State police or National Guardsmen into the troubled area," attaches said.

Seeks Delay In Nurse's Hearing In Murder Case

(International News Service)
SANTA CRUZ, Cal., Sept. 14.—With a plea that he has just learned the motive for the slaying of Francis M. Grace, wealthy retired shipping magnate, Attorney Stanford G. Smith today sought postponement of the preliminary hearing of Wilhelmina Freida Weltz, 45-year-old San Francisco nurse formerly employed in the Grace home and accused of the murder.

Smith refused to make public what Miss Weltz had told him.

William and Meta Weltz, brother and sister of Miss Weltz, flying here from Connellsville, Pa., were delayed by a storm at St. Louis, but were expected to arrive tonight.

PA NEW OBSERVES

No penalty would be stiff enough for those thieves who've been making off with milk bottles which the Lawrence County Emergency Relief board has delivered to needy families the south side. Reports say that of late the thefts have increased. A watch is being kept for suspicious folk.

When industry calls men back to work it is soon reflected in the circulation of the city's library. At least City Librarian Miss Alice Sterling attributes the 13 per cent decrease in the circulation of the south side branch during August to the improved working conditions. When the workers have leisure time they turn to books; when work summons, they're kept too busy in many cases. Most of the branch circulation showed a gain.

Final registration day for voters of New Castle is Saturday. This is the last chance of the great army of New Castle voters to register to be eligible to vote at the primary on next Tuesday.

Site Of Proposed Edenburg Viaduct Visited By Lewis

In company with a group of local citizens, Secretary of Highways Samuel S. Lewis and District Engineer H. J. Kloos inspected the site of the proposed viaduct at Edenburg Wednesday afternoon and at the conclusion of the inspection Secretary Lewis said that the viaduct was a necessity, and expressed hope that the money could be secured to build it.

For many years the necessity of a viaduct crossing the Mahoning River and the Pennsylvania, B. & O. and P. & L. E. railroads has been obvious to citizens of Lawrence County. Motorists have been killed at the hazardous crossing and the old covered bridge has been deteriorating yearly.

Want Federal Money
It has been the idea of backers of the viaduct here that Federal money might be secured to build the viaduct and one of the preliminary steps was to get the interest of the Secretary of Highways aroused. Mr. Lewis agreed that the crossings were hazardous, and that it would facilitate traffic and obviate danger if the new viaduct could be built. He made no specific promises in the matter but displayed a keen interest in the idea.

With the interest of the secretary enlisted in the matter, further efforts will be made to have the state include this viaduct in its list of improvements to be made with Federal money.

Secretary of Highway and District Engineer Kloos were taken to the viaduct site by Fred L. Rentz, president of The News. Included in the party were Senator George T. Weingartner, Thomas M. Boyle, manager of the Castleton Hotel, and Bart Richards.

This Morning

(International News Service)
GETTYSBURG, Pa., Sept. 14.—Threatening death to anyone who interfered, a lone bandit invaded the First National bank of Fairfield today, forced a clerk to hand him \$600 in currency and escaped in an automobile.

The gunman, after announcing his warning, walked up to the window where Arthur M. Moore, 45, a clerk, was engaged, and demanded the money immediately available. Moore, after complying with the request, was ordered to hand over additional currency. After the second helping the bandit sounded another threat, backed out of the door and escaped in an automobile he had parked about 200 feet from the bank.

The loot was in \$5 and \$10 bills, bank attaches said.

Credit Expansion

(International News Service)
NEW YORK, Sept. 14.—Cheered by the rising tide of better business news, mercantile and industrial leaders today looked forward hopefully for early expansion of credit, forecast last night by Brig. Gen. Hugh S. Johnson, national recovery administrator.

Addressing 1,000 leading merchants, public officials and business leaders at a Merchants' association dinner, Johnson declared credit "cannot be accomplished by haranguing the bankers."

"It can be done by creating confidence," he asserted, "but releasing restrictions requiring a too great liquidity of banks and if necessary by direct governmental interposition. This problem is under consideration and we can, I think, expect prompt action along this line."

State Relief Board Appropriates
Additional Sum For
September

An additional grant of \$3,000 to the Lawrence County Emergency Relief board for food orders was made by the State Emergency Relief board at its meeting in Harrisburg on Wednesday, according to a dispatch from the capital. The local board had not been informed of the action this morning.

The Lawrence county grant was one of several made to counties throughout the state. A total of \$930,000 for food and work relief was allocated. Of that amount, \$600,000 was distributed to 61 counties for highway construction work relief projects and \$330,000 went to 36 counties for food, the majority of the latter for the purchase of milk.

The state board's previous September relief appropriations had amounted to \$4,868,763.

Trying To Force New Cuban Strike

HAVANA, Sept. 14.—One of the largest secret political organizations opposed to President Grau San Martin's government is campaigning for a general strike as a means of driving out the new Cuban administration, International News Service learned today on reliable authority.

If the move is successful, its sponsors believe, it will lead to the overthrow of Grau San Martin and restoration of former President De Cespedes, ousted from office by the second revolution.

It is rumored the organization is trying hard to force the strike within 48 hours. Meanwhile, Havana remains quiet and reports from other

Closed Banks To Be Able To Take Home Loan Bonds

(International News Service)
PHILADELPHIA, Sept. 14.—Plans whereby the state's 142 closed banks can exchange mortgages for bonds of the Federal Home Owners Loan Corporation were in the process of evolution today after a conference between William L. Says Edenburg Covered
Bridge Only One Of
Kind In Pennsylvania

Lawrence county has a rare type of covered bridge in the present Edenburg bridge, according to Secretary of Highways Samuel S. Lewis. On Wednesday afternoon he inspected the site of the proposed Edenburg viaduct which would mean the elimination of the old covered bridge.

"This covered bridge should be saved by some historical society," said Mr. Lewis. "In all my travels

through the state I have never seen one just like it, and the pedestrian walk on the side of it is different from any other covered bridge in the state."

Inspection of the bridge Wednesday showed it to be rapidly deteriorating. The piers have been weakened by ice and while the bridge is safe enough for travel for some time yet, it is only a question of time until it will have to be eliminated.

To me a moon is just a moon, in spring, in winter or in fall, but harvest moons it seems are ones that in the autumn get the call. A moon's a moon for all of that, I like them large and full and bright, the kind that paint the world below with silvery, shimmering rays. uine concern in at least two industries.

Demand Recognition.

In both the silk textile and boot and shoe manufacturing industries, independent unions were demanding recognition. They joined with other non-union manufacturers in seeking a formal ruling from the NRA declaring that the "closed shop" is outlawed.

Administrator Hugh S. Johnson had before him a joint declaration of the industrial and labor advisory boards designed to prevent further interfering with the labor provisions of the recovery law.

A former legal opinion on the closed shop, which Johnson banned in his Chicago speech Labor Day, also was being sought.

In addition to the growing threat of a general strike in the bituminous coal fields, the silk textile and shoe manufacturing labor disputes emphasized the bitterness of the inter-union labor war.

Appeal Is Made.

A delegation of silk workers from the Lehigh Valley, Pennsylvania, barred from a conference between silk manufacturers and the American Federation of Labor Union, appealed to the national Labor board for recognition.

Back at his desk after the New York NRA demonstration, Johnson drove ahead with an agreement on a bituminous coal code at his immediate goal.

Conferees were under way on proposed revision of the code, with President Roosevelt reported to be ready to take a hand to force action shortly unless an agreement is reached.

Johnson had before him the general retailers' code which, however, was still in process of revision by the retail division. The proposal to prohibit selling of goods below cost and an added 15 per cent was being held in abeyance pending determination of a general policy.

Hearings Scheduled.

With the boot and shoe code hearing concluded, the motion picture hearing was near an end. A dozen other hearings were to be held before the end of the week.

The tariff question again was before the NRA. Millinery and dress trimming manufacturers demanded inclusion of a provision in their code prohibiting the importation of foreign-made goods at less than a fair cost of producing goods in this country.

The radio plea of Owen D. Young, chairman of the General Electric Company, for cooperation with the NRA was received with enthusiasm by officials. They expected Young's plea to have a marked effect in bringing legions into the movement.

lengthy conference, but carefully left the provision allowing price fixing as it was. It was ordered a comprehensive report on all the price cutting activities and other troubles in the industry to be ready today or tomorrow. On this report will be based the president's decision to fix prices now or give the industry more time.

Recommendations for price schedules were in the making today by the planning and coordinating committee which handles regulation of the industry. If price fixing is resorted to, the schedules drafted by the committee will be used as the basis of orders by the president and Ickes.

DEPUTIES AND PICKETS CLASH AT UNIONTOWN

(Continued From Page One)

remain away from the pits until the long-delayed code is signed was crystallized among the rank and file as a result of today's riots.

There was no clear-cut version of the clashes between deputies and miners at three operations of the H. C. Frick Coke Company this morning.

Frick company officials reported the strikers had stoned, or had attempted to stone, deputies guarding men returning to work.

This assertion was met by flat denial from the strikers who claimed the melee resulted from "pushing around" of the pickets by the deputies.

Rest Of Area Quiet.

Operations of the Frick concern where the riots centered are located at Gates, Edenburg and Footedale.

Aside from these clashes, the soft coal strike area as a whole was fairly quiet on the surface although there were private mutterings and threats to close operations among the strikers.

The miners made no ostentatious show of attempting to blockade roads leading to the mines, conceding themselves with "persuading" would-be strikebreakers to remain away from the mine entrances by hoots and catcalls.

Field Nearly Paralyzed.

PITTSBURGH, Sept. 14.—Southwestern Pennsylvania's fertile bituminous coal field was virtually paralyzed today by the second coal mine strike in less than a month.

Every major working in the five-county district was idle as miners, irked over what they call the administration's failure to keep faith, laid down their tools and prepared for a "work holiday" to extend until a coal code is adopted under the insignia of the NRA's blue eagle.

Estimates of the strength of the strikers ranged from 35,000 upward, with the number increasing hourly. Already the walkout has passed the halfway mark of the bloody July-August tieup in which 60,000 miners were out.

More important, perhaps, than the fact that another major walkout is in progress, is the threat the miners conveyed to the NRA by their action.

Denounce Code Delay

Decision to call the strike, voted late yesterday in an executive meeting at Pricedale, Pa., came in the face of telegraphed appeals from the NRA coal arbitration board asking the miners to stay at work. The appeal was rejected unanimously and without a struggle by 250 representatives of nearly 70 local unions in the district.

The vote came after vehement denunciations of the delay in signing coal code in which the temper of the southwestern coal miner was displayed, naked and ungilded.

Speaker after speaker reiterated the keynote thought of the miner—"We went back to work in August on the president's promise to give us our labor rights and now, a month later, we don't have them."

The vote represented a complete victory for the insurgent element within the ranks, although the voiced opposition to the walkout of the United Mine Workers district leaders was not carried to the meeting. Not a word was spoken in behalf of the district officers in opposition to the strike.

Insurgent Group At Helm

Leaders of the insurgent group which has gained control over the local unions refuse to designate the walkout a strike. They have adopted the former's term of "holiday." But the picket line is present at the larger tripples, just as always.

Virtually every one of the H. C. Frick Coke Company mines, cradle of the summer walkout which precipitated martial law in Fayette county and was marked by intermittent bloodshed, is idle today. All but two of the string of Pittsburgh Coal Company mines along the Monongahela Valley have been shutdown.

Other major mines of steel company subsidiaries, like the United States Steel-controlled Frick Company, have been forced out by the strike, and a majority of the independently owned workings have ceased operations.

So far, the strike has not spread into the Northern or Central Pennsylvania bituminous fields which joined the summer walkout in sympathy and the latest word from these sectors is that no tieup is contemplated.

Draft Plans In Secret

Harrisburg, Sept. 14.—Plans for mobilizing two battalions of the Pennsylvania National Guard for duty in the strife-torn Western Pennsylvania mining fields were being drafted in secrecy here today while pitched battles raged in the coal zone.

Although attaches of Gov. Gifford Pinchot's office insisted the chief executive, who is in Washington, had no immediate plans to intervene, it was learned reliably on Capitol Hill that military officials have been instructed to draft the marching orders. If the troops are ordered out it will be their second visit in 10 weeks to the bituminous region which will be placed under virtual martial law.

The military orders, it was learned, are being drafted by Major General Edward C. Shannon, commander of the Pennsylvania National Guard. Shannon declined to either verify or issue a denial that he had been instructed to have the troops ready for the invasion.

The orders were to be ready for Governor Pinchot when he returns to Harrisburg from Philadelphia tonight. No indication was given as to what troops will be selected to patrol the striking region where several persons were wounded and scores injured in battles earlier today.

An efficient district attorney can aid materially in reducing the cost of justice by

1. Careful preparation of the indictments.
2. Competent management of the business affairs of the office.
3. Proper trial of the cases in court.

If elected, I pledge myself to these economies.

Miss Margaret Walker calling the session to order at 10 o'clock.

Mrs. Jennie Forquer conducted the opening devotional period and three-minute reports were made by the presidents of the various unions. Miss Margaret Peebles, recording secretary, gave a brief resume of the past year's progress and this was followed by an election of officers, with the following result:

President—Mrs. W. G. Wilkins.
Vice president—Mrs. J. Audley Book.

Corresponding secretary—Mrs. Ida May Allison.

Recording secretary—Miss Margaret Peebles.

Treasurer—Mrs. J. B. McClaren. Miss Margaret Walker, who has served faithfully as president of the county for twenty years, was made honorary president.

Mrs. J. B. McClaren gave the treasurer's report for the year and the noon-tide prayer was offered by Mrs. C. H. Heaton and the group adjourned for lunch in the dining room of the church.

Mrs. Jones opened the afternoon session and prayers for the cause were offered by members after which an impressive memorial service was conducted by Mrs. Margaret McClure of New Wilmington, during which Mrs. Paul D. Weller sweetly sang "Face to Face".

Dr. William Parsons of Pulaski spoke on "How It Feels To Be Licked" and he was followed by Attorney Wyle McCaslin, who urged the organization forward, he said, "We Are Not Licked, Just Retreating".

The official board met just before the afternoon adjournment and the department heads were appointed for the year.

Mrs. Edward Shields, flower department head, presented the Croton union and the Nashua union with prizes for their outstanding work in the flower mission department.

Mrs. J. N. McCandless, director of publicity, presented the banner to the Harlansburg union for outstanding publicity this year; this is the second year they have received the banner.

WIMODAUSIS OPENING LUNCHEON WEDNESDAY

What was termed as a most delightful meeting was the opening session for Wimodausis Club members Wednesday afternoon in the Cathedral with Mrs. W. J. Jenkins and Mrs. Joe Jenkins as associate hostesses.

A delicious luncheon was served at 1 p. m. in spacious dining room at tables attractively decorated.

Following routine work, a program in charge of Mrs. W. H. Martin and Mrs. Rachel Wilder was presented. Mrs. Madeline Rugh, vocalist, rendered two beautiful selections, with Mrs. Anna Welsh accompanying and another pleasing bit of musical entertainment was the piano selection given by Frank Taylor. Mayor Charles B. Mayne was introduced and he gave an interesting talk on "Alaska."

Before the guests departed each was given a number and Mrs. Geo. Buchanan who held the lucky ticket, was given a prize.

On Wednesday, October 11 members will meet again in the Cathedral for luncheon. The program will be directed by Mrs. Robert Garroway and Mrs. H. W. French. Hostesses for this occasion will be announced.

Surprise Birthday Event

Mrs. Mary Weller was agreeably surprised Tuesday evening upon her arrival home from a show, to find friends numbering fifteen assembled in her home and ready to assist in celebrating her birthday anniversary.

Cards, chat and music filled in the hours and when the clock was reaching mid-night, Mrs. Nora McCann, assisted by Mrs. Helen Ray and Mrs. Kate Hillers served a delicious lunch.

The honored guest was presented with a collection of lovely gifts as reminders of the occasion.

BUILDERS FIRST FALL MEETING AT CATHEDRAL

With a large attendance the New Castle Chapter No. 1 Order of Builders, resumed their regular meetings of the year Wednesday night when they met in the Cathedral, led by their master builder Omar Donaldson.

At this meeting the new advisory board was presented and plans completed for the winter activities. After transaction of business, members and visitors retired to the dining room where an appetizing lunch was served. The Rev. Philip C. Pearson gave the invocation.

DINNER MEETING MARKS GET-TOGETHER

A get-together dinner meeting was held Wednesday evening in the dining room of the Third U. P. church when the official board met with the Sunday school officers and teachers and missionary leaders to plan out the winter program.

J. W. Rupert explained the plan of the general assembly for the activities of the church and school; C. C. McKibben pledged the cooperation of the men of the church. Mrs. Floyd Moore spoke for the women's organizations and Henry Lawton for the young people.

G. H. Colnot spoke for the Sabbath school and told that rally day will be observed October 1. When a goal of 1000 has been set for the attendance.

Visitation day will be held Sunday, September 24.

Amerita Club Party

The Amerita club members entertained at a corn and wiener roast Wednesday evening in the grove of Cascade Park with their husbands and escorts as special guests. Twenty shared the occasion and a period of informal pastimes was enjoyed during the early hours. After partaking of the feast, they went to Rainbow Terrace and participated in the dance program.

September 28 is the date of the next regular club meeting with Mrs. Mario Frabotta of Grant street, hostess.

Miss Collins Enters School

Miss Della Collins of Superior street left New Castle Wednesday night for New York, where she will enter the Nyack Bible Training School. A large number of the Christian Missionary Alliance church congregation gathered at the railroad station to see her off. Since her intentions have been learned of enrolling at this institution, a number of social events have been given in her honor.

SUMMERVILLE - PITTS CONVULSE AUDIENCE

It wasn't a riot going on in the Regent Theater Wednesday night. It was only a packed house roaring at the antics of Slim Summerville and Zasu Pitts as they presented "Her First Mate", the funniest picture this pair of cuckoos have ever made.

Vest buttons popped like champagne corks and many a red eye was seen coming out of the theater from laughing, not from crying. It's a picture that starts out with a chuckle and ends with a roar, a hurricane of haw haws from start to finish.

Slim Summerville is a seagoing man with a yen to roam the briny. Zasu, she of the wailing hands, promptly explodes and destroys itself and a pier. The complications are good for the blues.

"Her First Mate" will play the Regent the balance of the week, and you really should see it if you want a laugh that will vibrate clear to your ankles.

EAST SIDE GARDEN CLUB HAS LUNCHEON

A pretty luncheon 1 o'clock luncheon was one of the features of the East Side Garden club meeting held Wednesday afternoon in the home of Mrs. Earl McKnight on Adams street. Covers were cleverly arranged and after partaking of a sumptuous menu served by the hostess, assisted by Mrs. W. R. McKnight, routine work was in order.

Miss Bessie Robinson read a most interesting description entitled "A Garden At Night" by Jennie E. Harris. This was beautifully given and received favorable comment.

Roll call was responded to with "A Garden Friend." At this time the president appointed Mrs. C. R. Brenner as corresponding secretary for the remainder of the club year. New members received into the organization include Mrs. J. B. Kennedy, Mrs. Bart Richards and Mrs. Cecil R. Potter.

Many exquisite floral exhibits were brought by members and neighbors. The next meeting will take place in the home of Mrs. Mary Robinson, Cumberland avenue, on Wednesday, October 11.

ALIQUIPPA MARRIAGE OF LOCAL INTEREST

Of interest locally is the details of the marriage of Miss Thelma O. Waltenbaugh, daughter of Mr. and Mrs. W. A. Waltenbaugh to William D. Lewis of the same city, which took place Tuesday afternoon at 2 o'clock. The ceremony was performed at Rochester in the presence of the Methodist Episcopal church with Rev. Charles W. Oresk, pastor, officiating in the presence of the brides parents and Mrs. Anna Bowen, grandmother of the bride. Rev. Oresk was formerly pastor of the Aliquippa Methodist Episcopal church.

A wedding supper at the home of the bride supplemented the service, with places marking for twenty-eight including relatives and friends. The bridal table was beautifully decorated in nuptial suggestions.

The families of the young couple, were formerly of New Castle. Mr. and Mrs. Lewis will reside for the present at 1022 Clinton street, Aliquippa, the home of the brides parents. Later they will go to house-keeping. She is a graduate of Aliquippa Harding high school with the class of June and he is associated with the Jones and Laughlin Company of that place.

Those attending from New Castle included Mrs. T. Kinsinger, grandmother of the bride, Mr. and Mrs. William King and son Billy, Mrs. David Pitzer and sons David and Richard, Helen Pitzer, the latter of seventh ward and Archie Stuart, all of New Castle, and Mrs. Anna Bowen, grandmother of the bride from Salem, O.

Old Time Rebekahs

The Old Time Rebekahs club met Wednesday for a one o'clock luncheon in the home of Mrs. Margaret Foster, Vine street, with places arranged for seventeen about a prettily decorated table.

Old fashioned music featured the afternoon of sociability, with Arthur Foster playing the violin, accompanied by Mrs. Louise Vickery on the organ.

Mrs. Annie Crowe will receive the club members in her home for a chicken dinner October 11.

Honored On Birthday

Mr. and Mrs. Frank Penwell of Edinburgh and Hillsville road entertained in their home September 10 at a prettily appointed 6 o'clock chicken dinner in honor of their daughter Virginia who reached her seventh birthday anniversary. Places were arranged for the following at the attractively decorated table. Mrs. Della McCurdy grandmother of the honored one, an aunt and uncle, Mr. and Mrs. Jack Garber and family, Raymond Arthur and Blanche Arthur of Hillsville, Walter and Florence McCurdy another aunt and uncle of Brody Lee Woods, O. Mr. and Mrs. Penwell and brothers Virgil and Andrew and Kenneth. The honored guest was the recipient of some lovely gifts.

Surprise Farewell

Twenty members of the Rachel Rebekahs got together Wednesday evening and went to the home of Mrs. Marie McGee, Grant street, for a surprise farewell for her as she is leaving the city soon to make her home in Morgantown, W. Va.

Mrs. Blanche Mathews and Mrs. McGee entertained with readings and a shower of handkerchiefs was presented from the group with Mrs. Sadie Parks, noble grand, making the presentation in a unique manner. Mrs. McGee responded most graciously.

Refreshments were served by Mrs. Olive Thompson, Mrs. Marie Roof, Mrs. Sadie Parks and Mrs. Lucy Pettitt.

Class Party

Mrs. Harold Green, Wilmington road, and Miss Helen Green entertained the members of the Young Ladies' Bible Class of the New Wilmington Methodist church in their home for a fall get-together and at this time an election of officers was held.

Mrs. M. Zook will be president the coming year; Helen Green, vice president and Mrs. Thomas Hutchison, secretary.

A delicious lunch was served during the social part of the evening.

Party For Baby

A pretty birthday supper was given Tuesday evening by Mr. and Mrs. William Miller, 880 Franklin avenue when they entertained in honor of their son William George, the date being the first anniversary of his birth.

A most delicious dinner was served and one candle glowed on the cake which centered the table. The evening was most informal with Eddie Brown entertaining with piano music.

Class Has Meeting

Members of the Young Married People's class of the Third U. P. church met for their regular meeting Tuesday night in the home of Mr. and Mrs. Delos Burnside, Beckford street. The president, R. J. Benson, presided.

Plans for a tea to be held sometime in November were discussed. Refreshments were served to the guests during the social period which followed the discussion of business.

FIRE PREVENTION

ON OCTOBER 9, Fire Prevention Week will make its 1933 start. Once more a great, organized effort will be made to impress upon the nation the waste, the non-necessity and the tragedy of fire.

During past years a steadily increasing number of cities and towns have joined in the Week. The opening gun is fired by the President of the United States, who issues a proclamation calling upon every citizen to help make America safer against the ravages of fire. Many Governors follow with proclamations of their own, as do city officials. Insurance organizations, civic clubs, chambers of commerce, newspapers, trade associations and fire departments enlist together to make the Week a success.

Past Fire Prevention Weeks have done much good, and saved thousands of lives and millions of dollars worth of property. But the public has only half-learned the lessons offered—fire loss drops sharply during the Week and for a few weeks following, and then rises again to previous levels. Too many, when the first flush of enthusiasm has passed, drop back into old habits that allow fire hazards to grow and multiply.

Fire Prevention Week should mean even more than usual this year. The United States has started on the road to business recovery—and that recovery would unquestionably be expedited if the hundreds of millions we waste annually through fire, could be saved. Every citizen should regard it as his duty and privilege to take an interest in Fire Prevention Week and to practice its teachings throughout the entire year.

FRANCE WANTS ALLIES

France apparently is unwilling to depend entirely upon her army and her frontier fortifications for defense against Hitlerism, or to find adequate security in the League of Nations or the Versailles treaty.

Diplomatic moves in recent months have given clear indications that Paris is searching for allies in preparation for the day when Germany drunk on Hitlerism again may try to cross the Rhine.

M. Herriot, former premier and whose return to this post is being discussed as an early possibility, has been making a holiday visit through Turkey, Russia and Bulgaria. Although he insisted he was "simply a private citizen," this did not prevent political significance being given his tour. If he did have a special political mission, he must be pleased with some of its results.

The apparent aim of France is to combine her friendship for the Soviet with renewal of her old friendship for Turkey. Bulgaria also would be brought into the picture, but in view of the bad feeling between Bulgaria and Turkey, a little more effort may be required to do this.

Moscow newspapers "played up" the Herriot visit, which aroused great enthusiasm among the public and officials. The French statesman in an interview paid a compliment to Turkey by commenting approvingly on the reforms and general progress he noted in that country.

The chasm between Russia and France apparently has been completely bridged. An understanding with the Soviet will greatly strengthen the French position in central Europe. But additional friendships are wanted by France, and these are being sought.

The old system of alliances and counter-alliances with all of the evils and dangers that this form of supposed security involves, is being revived.

FREEING RACKETEERS

One reason for the spread of racketeering and other forms of crime, which state and national governments now are trying to combat but without evidence of marked success, is reflected in the release the other day by a New York judge of three racketeers who had pleaded guilty to conspiracy charges.

It is such soft treatment of criminals as this that encourages law-breaking and fosters gangsterism.

After the accused men, one of whom long had been the alleged head of the laundry racket in Brooklyn, had pleaded guilty, the judge, after lecturing them, sentenced them to the penitentiary and then suspended the sentences.

Reminding the prisoners that the laundry interests were about to adopt a code under the NRA to stamp out "unfair competition," the judge advised the defendants to "try to extend the influence of this great law and report those that violate that law."

If racketeering is to be stamped out, it will require stronger-hearted judges than this one to do it.

PEOPLE MORE SYMPATHETIC

A man said a few days ago that this depression we are going through is having a good effect on the race.

He observed that people are becoming more sympathetic toward each other and each other's problems; that the depression, bringing hardship, is bringing character, as adversity always does.

We have written before that prosperity is a poor field for character building; that it takes adversity to build character. Every day the truth of this becomes clearer. Common problems throw us all more or less upon the arm of our fellow men for support. And it is this realization of dependency that builds a oneness of mind, softens our hearts, mellows our spirit and puts sympathy and understanding where irreconcilability and suspicion were before. The man was absolutely correct in his observation; we can see the proof of it in our own community.—Star-Advocate, Titusville, Florida.

Anyway, this will go down in history as the world's gosh-awfullest hang-over.

You'd stare in wall-eyed astonishment as fish do if people reported your size that way.

The moaners aren't wholly useless. They teach us that something can be worse than a crooner.

Never mind; most of the big jobs are held by men who can't play bridge as well as their wives can.

Farmers have quit using the old terms. There's nothing to inspire either a "Geel" or a "Haw! Haw!"

Emily Post doesn't tell us how to use a gloom-spreader, but the best way is to use the toe of your shoe.

All Of Us

BY MARSHALL MASLIN

YOUR "MANNER" IS YOURSELF

What is this thing called manner? That all men and women have? This "manner" that people like so naturally, or hate so instinctively? Is it born in a man or does he create it for himself out of the materials of experience? What is it, anyway?

A man comes your way complaining. He says an injustice has been done him and he asks your help. . . . And his manner is such you feel at once you should do all that is in your power to help him. . . . Or you feel that it doesn't really matter very much what you do. If he gets out of this trouble, next week he will be in some other difficulty. He was born to be annoyed; he is bound to be imposed upon. Listen to him today, help him today; he will be back tomorrow with a story that differs only in details. It's his manner that does it.

The waitress at the table, the mechanic on the job, the man behind the ticket window, the wife in the house, the worker in the office, the child on the playground—all show a "manner" in everything they do. . . . They are bold, patient, gallant, pathetic, daring, suave, defiant, eager, slow, selfish, snippy, gracious, cold, pleasant, friendly, indifferent, and since all of us believe that we are excellent judges of human nature, we give them one look, hear them speak one word, and classify them at once in our memories. We may be wrong. Sometimes we are. But hardly any of us have time for a second look, a more considered judgment, of those we encounter casually. We judge them by their "manner"—and it seems a fair enough way to estimate a fellow-being.

If I grouch, what right have I to expect people to believe that I am really sweet tempered lad? If I sneer, on what grounds shall I ask you to acquit me of being a snob? If I remain in the background and say nothing, how shall anyone know that I am really a leader of men? My "manner" is my announcement of myself—and I must not complain if I am misunderstood. It is not other people's business to understand me; they have troubles enough of their own and have no time to look beneath my surface and see me as I believe I am.

So my "manner" is in fact my real self. I am what I seem to be and all my protestations are in vain.

BE PREPARED

Because you put off things till the last moment may be the reason why you find so many things more difficult than you expected.

The easiest jobs if delayed in starting till beyond the time they can safely start for a complete finish, become appallingly hard.

There must be so much high pressure hurry, and mistakes creep in.

Lack of preparation presents obstacles, which if plans were well laid the desired result need never have been blocked.

Much of the hurried effort of those who seem to be "buried in work" is due to their habit of putting things off, instead of getting at them when they come up for attention.

The putting off habit makes lots of unnecessary trouble and anxiety. And still you make no effort to break yourself of this habit.

You have no end each day and its demands without any thought of anticipating them.

You wait till you must cross the bridge before you bestir yourself. Be prepared for what is bound to come sooner or later.

Think it over, make your plans and work steadily to that end.

Don't be caught unawares, if it be at all possible, to figure things out with a safe margin.

STANDARD

All that would drag me down I must defy
With my last ounce of strength;
Last feeble cry!

And failing in the whirlpool of despair
Die if I must, but leave my record fair.

Not weakly or supinely I'd succumb,
But fighting hard
Lest what I hated most to me should come.

And leave me scarred.
Trapped in the mire I'd battle to the end,
Not life itself but honor to defend.

No tawdry standard mine
Of cotton cheap
But a fair flag, which I

Torn down at last that banner
Praps may be
And trampled in the mud, but not by me!

TODAY'S STORYETTE

It was a most astonishing thing, but the Smiths always were changing their residence. Some people decided that perhaps Mr. Smith found moving cheaper than paying rent, but the real reason was the fact that Mrs. Smith loved a change.

One day a friend of the family,

returning home rather later than was his usual practice, espied Smith following a van of furniture. "Hello, Smith," he cried, "moving again? And where to this time?" "I dunno," was the wear reply. "whether it's the van's move, I'm just following this van to find out."

AND NOW I'LL TELL ONE

Some years ago, when news was scarce, one of the widely discussed subjects by newspaper writers was "What's in a name?" Not until somebody came along with the problem "How old is Ann?" did the newspapers drop the question in favor of solving Ann's problem. It is not my intention to revive these discussions, but only to tell you how, on certain occasions, there might be something that will attract attention to almost any name. There was a time when the young man thought he would flatter the dame he had just met by telling her that she looked like Helen Gray, at which the dame responded, "I look worse in blue." But let that one pass. The particular name and instance that I want to tell about at this time is that of "Toothill"—a good, old-fashioned name, neither too common nor too rare. On its face there is nothing funny or odd about the name. Yet it must have created merriment when Mr. Toothill and his wife visited Washington on inauguration day and joined the long line of visitors at the White House to shake hands with the new President. On such occasions, when the visitor is about to approach the President, an attendant asks his name, which he repeats as the President extends his hand for the squeeze. This permits the President to repeat the visitor's name who, from that time and forever after, can refer to the President as "a friend o' mine." As the attendant called out Mr. Toothill's name, the latter, fearful lest his wife be forgotten, whispered, "and Mrs. Toothill" whereupon the attendant added, "and Mrs. Toothill, too." The President, his mind far removed from the matter of occasion, turned on his set smile, squeezed the lady's hand and in a voice that carried clear down the line, repeated, "Mrs. Toothill."

Stand Of Young Democrats
On Oratory Wins Approval

Notice Served At Kansas City Meeting On Those Who Indulge In Spellbinding Revives Theory Of Rugged Individualism

Sympathetic attention is given to the action of the conference of young Democrats at Kansas City, in limiting the length of speeches by spellbinders of the party. The stand taken is declared to have struck a popular chord and to have given an indication that the term, "rugged individualism," still appeals to some citizens of the republic.

"There was no lack of what the late President Wilson called 'self-determination' says the COLUMBIA (Mo.) DAILY TRIBUNE with the comment that 'after listening to flights of oratory for several hours from the old timers, the Young Idea 'trared up' kicked over the traces and let it be known that they went to Kansas to do their own shooting.' The Tribune concludes: 'The young Democrats of the nation exhibited the pugnacity, the steadfastness of purpose, the militant spirit that wins victories for principles, carries elections, and applies the principles to government. And not the least pleased with the independence of the Young Idea were those who had been sitting in the whirlwind of politics for years and directing the storm.'

Recognizing a "serious rebellion" in the objection to "long-winded" speeches of national leaders, which "they were obliged to listen to," the CHARLESTON EVENING POST advises that in the following out of their policy, "the youngsters will either have to prescribe or else out the tongues out of the leaders, both the old men and those who have come up in their own ranks." The Evening Post continues: "How else is a political leader to employ himself if he shall not make exhausting speeches? It makes little difference, perhaps, whether or not he have an audience, but speak he must and always at length. More-over it is not easy to avoid him since that invader of the privacy of the home, the radio, has insinuated itself into the national life. The long-winded speaker can always talk into the microphone if they have enough money to pay for time, and their gable will spill into a good many homes before it is discovered just what sort of stuff is being injected and the orator is cut off. The Young Democrats may not like to listen to these speeches, but, before they get along very far they will develop a passion for making them."

Pointing to the need of removing some of the "barnes of political organization" and the desirability of "transferring the superstructure to the hull of Young Democracy," the PORT WORTH STAR-TELEGRAM declares: "Democratic principles require no dates. They are found and used while keeping up with the times. Jacksonian Democracy shot with flintlock rifles and rode horseback. It merely crystallized Jeffersonian Democracy. Grover Cleveland was a Democrat of neither school but he was the best Democrat up to his time since Jackson. Woodrow Wilson began where Cleveland carried the definition. Franklin D. Roosevelt has brought the Democratic process of democratic government down to the ruling that citizenship in a democracy

is co-operation, not 'personal liberty' treated as license and 'States Rights' which should be federal functions. There is where the Young Democratic Clubs of America should get aboard. There should be nothing 'set' ahead for them. They face the duty of making their Democracy fit the democracy of the period."

"No true Democrat takes dictation from anybody at a convention," proclaims the ROANOKE TIMES, refusing to find any difference in spirit between the young Democrats and their older brethren. The Times records: "The delegates, representing thirty States, grew just a little bit wrathful in letting it be known that they would run their own convention. Democratic national conventions are famous for their individualism and with a few exceptions for their lack of coordination. What harmony prevails is usually confined to the musical sections of the program. It is no surprise, therefore, to hear of the rebellion of the younger generation. No true Democrat takes dictation from anybody at a convention."

"Thoroughly exasperated, the long-suffering individual explained: "I wonder if you can provide me with a neat purple stamp with a dinky perforated hem, the tout ensemble treated on the reverse side with gum Arabic? Something about three cents?"

Awards Are Made At Arthur McGill School Annual Flower Show

Annual flower show of the pupils of the Arthur McGill school held in the auditorium of the school on Tuesday, was the most successful of such events yet held. The enthusiasm of the children of the six grades in the affair was very impressive. Approximately a hundred parents and friends visited the exhibit.

Exhibits totaled 363 as follows: 1B-27; 1A-39; 2B-43; 2A-23; 3B-30; 3A-26; 4B-32; 4A-32; 5B-20; 5A-34; 6B-27; 6A-32. Miss Levinah Stewart was the teacher in charge. The judges were Mrs. Charles Burchart and Mrs. Allard Ingals of the Garden club of New Castle.

Winners of the school prizes in flowers were: 1-David Harlan; 2-Billy Throop; 3-Bobby Mulcahy. The winners in the vegetable exhibit: 1-Margie Carr; 2-Eddie Russell and Bud Sherken; 3-George Truby.

Rules observed were: All entries were the result of effort on the part of the entrant; 2-no child may ask friend or neighbor to supply them with an entry; 3-parents may and should assist children in planning gardens; 4-no ribbons may be used on baskets or other artistic arrangements; 4-artistic arrangements must be prepared after material is brought to school; 6-in case novelties not provided for in schedule are brought to school these may be separately classed as "Novelties" if the teacher so desires. There were six groups: A-flowers arranged in milk bottles; B-vegetables on paper plates; C-guards; D-artistic ar-

rangements; E-miniature gardens; F-conservation posters.

Class Prizes

Class prizes awarded were as follows: first—blue ribbon; second—red ribbon and third—white ribbon.

Makes Report Of Special Cases In Public Schools

In a report to the school board Wednesday night, Dr. C. C. Green, superintendent of schools shows a total of 417 mental cases in the New Castle schools divided into institutional and Opportunity School type. The report shows 33 institutional cases, and 384 of the Opportunity School type.

Such a report is required each year by the state department and in the case of New Castle schools, the proportion of students requiring special attention is 3.7 per cent, not a high percentage according to the report.

Board Plans Sale Of Refund Bonds

Arrangements were made by the school board Wednesday night to advertise the sale of \$70,000 in bonds which are being refunded at this time. Advertisements will be published and the bonds sold to the highest bidder.

Forty bonds of the series of 1922 and 30 of the series of 1933 are to be refunded, under the budget plan adopted some months ago. The new bonds are to be in \$1000 denomination and to expire over a period of six years beginning 1941.

No trouble is expected in the disposition of the bonds as the federal government recently appraised all the bonds of the New Castle school district and said they were worth their par value.

Price Of School Coal Is Raised

Coal prices for the school coal advanced 15 cents per ton over the base price of the contract awarded to Maxwell & Gibson, Wednesday night when the board received a notice from the company to that effect. At the time the contract was let, all bidders stipulated that they should be protected against rises in price occasioned by the action of the government.

Some increases have been made to miners and the net cost to the firm of Maxwell & Gibson is 15 cents per ton, they stated. Further increases are likely when the coal code is adopted, finally.

Rectifier Systems For School Clocks

Clock systems in the George Washington and Benjamin Franklin Junior High schools will have rectifier systems installed and the battery system eliminated following action of the school board on Wednesday night.

Both systems are in need of battery repairs and the superintendent of buildings and grounds, S. G. Ligo stated to the board that the rectifier system would eliminate the necessity of batteries and result in savings. The system for the Washington school will cost \$215 and that of the Franklin school \$103.

The Erie has renovated the interior of the building for its offices and laid a new siding track in to the rear of the depot.

Home Economics Course Appeals

Superintendent Green Reports 122 Enrolled At Senior High School

According to a report of Dr. C. C. Green, superintendent of schools, to the school board Wednesday night there are 122 students enrolled in the home economics department of the senior high school at the present time and 54 taking the full three years course. Sixty-eight academic students are taking home economic courses as an elective subject of which 12 are post-graduates.

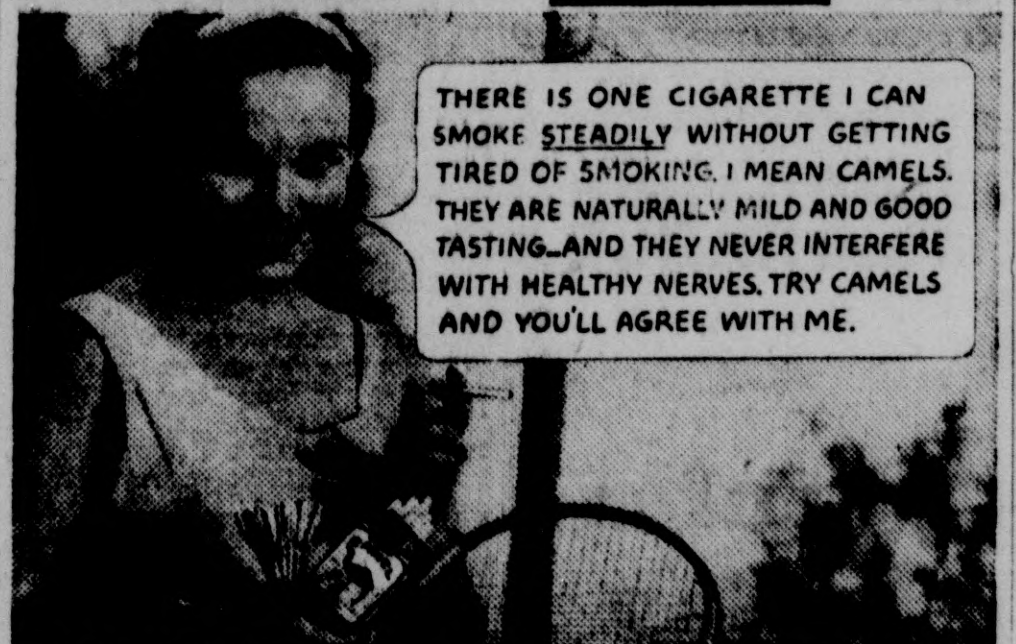

Commenting upon this course, Dr. Green made the following remark to the board: From this report it is obvious that

there is a distinct and increasing demand for instruction in home economics in the senior high school. This is a wholesome tendency and one which should be encouraged. The practical vocational value of efficient courses in home making cannot be questioned. The same cannot be said concerning some of the other courses in the senior high school. Economic necessity as well as a more intelligent appreciation of the function of public education will cause school authorities of the future to exercise a discriminating judgment in the courses which they offer and encourage. The relative value as well as the absolute value of courses must be considered or the public will be crushed by its own weight.

Tom Hinkson, Of Dewey Avenue, Finds Receipt For Funeral Costing Ten Dollars

There was a vast difference in the price of funerals 80 years ago, from what they are now, according to a receipted bill for the funeral of a relative, found by Tom Hinkson, of Dewey avenue, a tipstaff at the court house.

Mr. Hinkson was executor of his father's estate and came upon the bill, when going through some old papers of his father's at the time of his death some years ago. Mr. Hinkson's father, Henry Hinkson,

had been administrator of his mother, Mrs. George Hinkson's estate, and in this manner, he came into possession of the paper.

S. W. Mitchell, the undertaker, who buried Jonas Hinkson, a relative of Tom Hinkson's, presented a bill of \$10 for the funeral expense, of which seven dollars was for the coffin, and three dollars for the "ruff case," and hearse.

Among other papers which Hinkson has in his possession, is a copy of his grandfather's will, dated June 18, 1842. The witnesses were George

W. Hinkson, and James Ellis, the latter of whom was father of the present James Ellis, of Hickory township.

Driver Is Held For Failure To Give Assistance

Grand Jury Indicts Curtis Bell In Connection With Rev. Tyler Death

OTHER TRUE BILLS BY THE GRAND JURY

An indictment for failure to stop and render assistance, was returned by the grand jury today against Curtis Bell, negro driver of a truck which struck Rev. Frank William Tyler of 407 Boyles avenue on July 15. Rev. Tyler died later in the New Castle hospital. When apprehended Bell claimed that he did not know that he had struck anybody. Rev. Tyler was crossing Moravia street at the time of the accident.

Other Reports

Other true bills returned by the grand jury were as follows:

Pasquale Mone, aggravated assault and battery on Laura Dearborn.

John Staduk, assault and battery on Anna Duick, John McCabe, desertion of his wife, Alice McCabe and children.

Marie Fisher Roberts, carrying concealed weapons.

Joseph Patterson and Arthur Kestese, breaking and entering the New Castle Wallpaper store, with intent to blow up the safe.

Philip Kaplan, receiving stolen goods, consisting of brass and fittings alleged to have been stolen from the Pennsylvania railroad company.

Perry Lombardo, alias Peter Lombardo and Victor Lombardo, malicious mischief, consisting of destroying flowers on the lawn of Rose DePelle on Uber street.

Not True Bills

Not a true bill was returned in the case of Helen Alex, charged with malicious mischief by Charles Jim, prosecutor to pay the costs. The charge grew out of the destruction of plaster on a house on Long avenue.

In the case of Charles Jim, Marshall Jim and Jennie Jim, charged with assault and battery on Helen Alex, not a true bill was returned and Helen Alex, the prosecutrix pay the costs.

Noted Colored Woman Speaks Wednesday Night

Urges The Colored People To Seek After Their Constitutional Rights

More than two hundred people were present Wednesday evening at the open meeting held in the Second Baptist church on West North street, under the auspices of the New Castle Branch of the National Association for the Advancement of Colored People and Heard Mrs. Daisy Lampkin of Pittsburgh regional secretary of the national association, the speaker of the evening. Dr. J. A. Gillespie presided at the meeting.

Mrs. Lampkin gave a very able address in which she stressed the discrimination in the public schools and work and especially the organization of the state conference of the various branches, which was effected last month at Harrisburg.

She stressed two things in particular, first the passage of an equal rights bill in Pennsylvania and the need of electing of men to office who respect the rights of minorities and second, to fight the growing discrimination in the public schools of Pennsylvania against negro children. She drew attention to the fact that while the association was non-political, that its members should vote for candidates that respect the rights of all people.

The program preceding the address of Mrs. Lampkin included the selection "Lift Every Voice and Sing" by the Junior N. A. A. C. P. and audience: prayer, Rev. W. W. Nelson; solo, Robert Edmondson; and introduction of the speaker by Dr. J. A. Gillespie.

COSMO CLUB WILL OPEN SEASON TONIGHT

Great preparations have been made by the members of the Cosmo club to open the fall season this evening in the club house, North Mercer street, with a meeting and rally.

The house committee displayed wonderful foresight and taste in the new decorations for the club quarters and they are anxious that every member rally this evening to see the place "all dressed up."

The entertainment committee has not been inactive either and an evening of fun and entertainment has been arranged and this evening will be a sort of "pop" meeting as a forerunner of the winter's activities.

As usual, refreshments will be served at the conclusion of the meeting by the entertainment committee: C. C. Levine, Irving Grossman, T. Frank, Harry Levine and Dr. Harry Sloan.

GUESTS HONORED AT BRIDGE PARTY

Mr. and Mrs. Clarence Parker of Walmo entertained at a bridge party Wednesday honoring the Misses Mona Powell and Sara Churchill of Trenton, New Jersey, house guests of Mrs. I. M. Henley, Centennial street.

At the conclusion of play, a dainty repast was served by Miss Peggy Fox and Miss Evelyn Cunningham.

The honored guests will leave later this week for Chicago, Ill., where they will spend a few days at the Century of Progress before returning to their home.

Hospital Club

The New Castle Hospital Emergency Club met Wednesday afternoon at the hospital with sewing on the agenda as the afternoon's activity. Miss Clara Duff and Anna Duff were hostesses and the afternoon prize was awarded Miss Duff.

October 11 Mrs. John Griffith and Mrs. John Hannon will be hostesses at the meeting.

Tri-County Council

This evening a number of the members of the Auxiliary to the V. F. W. will go to Sharon, where the monthly tri-county council meeting will be held.

Beaver, Lawrence and D. Butler counties comprise this district and an excellent program has been arranged.

Suffered 30 Years With PILES

Tried Modern Internal Treatment and Now Is Well—Read Every Word

Read what this Buffalo man writes—It seems like a miracle. "Have been troubled with bleeding and protruding piles for 30 years—was about to go to hospital when a friend told me about Hem-Roid. After the first weeks treatment I have no signs of piles and feel like a different person."

Hem-Roid is the prescription of Dr. J. S. Leonhardt, and is such a wonderful one that thousands who once suffered agony and distress are now free from torturing piles. You can get Hem-Roid tablets at Eckerd's, Cut Rate and New Castle Drug Co., or any live druggist and if not joyfully satisfied with the help one bottle gives you—money back.

MORAVIA STREET PLACE IS RAIDED

Place of Charles Diuganski, 1601 Moravia street, was raided last night by Constable Frank Conners and a number of city officers and a small quantity of liquor was confiscated. Diuganski put up a forfeit of \$100 for his appearance at a hearing to be held before the mayor at a later date, while three visitors arrested in the place paid fines of \$5 each.

GET YOUR PONTIAC READY FOR WINTER

The pleasure your Pontiac has brought you this summer will continue for years to come, if you give it proper winter safeguards.

Don't wait for the first freeze, to have Eveready Prestone put in the cooling-system. It won't evaporate. Put it in now and be safe.

At its new price of \$2.95 a gallon, Eveready Prestone is more economical than ever. To protect a 1933 Pontiac "4" to zero, you need only 1 1/4 gallons, costing \$3.72. And that's the last cost. No refilling. No expensive repairs for a frozen engine. No worry. Eveready Prestone will protect your car from freezing and rust all winter. For other makes and models, see your dealer's chart.

Eveready Prestone is a distinct, patented product, approved by all car manufacturers, and guaranteed by National Carbon Co., Inc., New York, N. Y.

"The average date for the first freezing weather in New Castle is September 30. Be ready for it. Save and play safe with Eveready Prestone."

"Fixers" Not Recognized By NRA Officials

Chief Of Control Division Of NRA Says Outsiders Have Not Influence

OUTLINES STEPS IN DRAFTING CODES

Industries seeking to draft codes of fair competition will have every assistance of a corps of experts in these matters, simply by communicating with Major A. Heath Onthank, chief of the Control Division of the National Recovery Administration, it was announced today. There are no charges, fees, or assessments of any kind for this service.

In addition, the National Recovery Administration issued a warning today against persons misrepresenting themselves as being able to facilitate business with that organization.

The implication that any individual or group has an "in" with the NRA or can use "influence" to "fix" transactions of whatever nature is bunk, Marcus Feuchtwanger, chairman of the Chamber of Commerce NRA Advisory Committee stated today.

Spikes Reports

General Johnson has so stated repeatedly, but in order that these reports may be finally spiked, the Control Division of NRA today outlined the simple procedure which anyone can follow in order to expedite the formulation, submission, and final approval of a code. Any other procedure, especially involving the services of lobbyists, is a needless waste of time and money.

"Prior to the submission of a code, the trade or industry should form an association of an industry group which is fully representative," Major Onthank states. "It would be obviously unfair to allow a minority group of any industry to obtain the adoption of a code which might penalize the unorganized majority interests."

In the process of formulating such a representative national association or group, the Control Division is prepared to lend every possible assistance. Through contact with other associations, it is familiar with all phases of Association Work and can suggest by-laws or articles of association which will be adequate to the needs of a particular situation. "In general, it may be said that there is absolutely no need of any association going outside the Control Division for any assistance in drafting codes. The men available are part of the NRA, know its policies intimately and are closer to official opinion than any outside agency could be."

Ford WINS ELGIN NATIONAL ROAD RACE - AVERAGES 80.22 M. P. H.

Ford V-8's make 100 M. P. H. on straight-aways!

STOCK FORDS TAKE FIRST SEVEN PLACES IN FIELD OF FIFTEEN COMPETITIVE ENTRIES

THE thousands of America's race fans who gathered at Elgin, Illinois, to see the revival of the famous road-run saw Fred Frame, Indianapolis Speedway Champion of 1932 flash across the finish to a new course record, leading a parade of seven V-8 Fords finishing in the first seven places respectively in this national classic. All seven Ford cars were certified by A. A. A. officials to be stock cars in every mechanical detail.

Frame's time in a stock model V-8 Ford bettered the course record of 79.5 m. p. h. made in 1920 by the famous Ralph De Palma in a costly, special-built car. Frame averaged 80.22 m. p. h. for the same 203-mile run over a treacherous paved and gravel course enclosed by four sharp turns. He clocked speeds of over 100 m. p. h. on the straight-aways say A. A. A. officials in charge of the race.

"Before you buy any car..."

DRIVE THE NEW FORD

Exciting news... even though you have no intention or desire to travel at high speeds!

For it is one thing to say that V-8 Fords are consistent in performance, yet when seven of them finish a race with a difference in average speed of only 3.33 m. p. h., you know they are consistent! One thing to say the Ford V-8 is a safe car, but when you see it swing around unbanked turns time after time without accident you know it is safe! We say it's reliable, but when you see it go tirelessly on and on through such a gruelling race you know it is reliable!

The proof of any car is in the driving, whether on the speedway or highway. That is why you owe it to yourself to drive the Ford V-8 before you buy any car. We say, let the Ford V-8 speak for itself.

There should be but one question in the minds of the voters concerning a candidate for the office of District Attorney?

Is he capable?

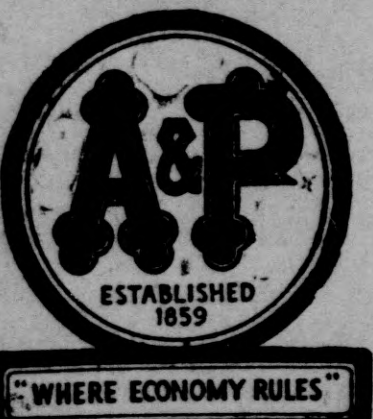

His name, his place of residence or the school from which he graduated are matters of small moment. The question is can he do the job?

Harry H. Frank has acted as Assistant District Attorney in several terms of criminal court. His record is open for all to see. In the terms he has prosecuted cases for you as a citizen he has proven his ability (lost but one or two minor cases).

He has the education. He has the training. He has the experience. He is a lawyer who has proven himself able in contests with the members of the Lawrence County Bar Association.

Why not put him in the District Attorney's office and take advantage of his ability?

We are all sinful. Therefore whatever we blame in another we shall find in our own bosoms.—Seneca.

New Cuban Army Is Being Formed

Sound Framework For New
Cuban Army; Are Careful
In Choosing Officers

BEING CHOSEN BY
POPULAR ELECTION

By ROBERT G. NIXON
International News Service Staff
Correspondent

HAVANA, Sept. 14.—Cuba's new army is building a sound framework by naming its officers through popular company elections from meritorious members of the enlisted personnel, thus obviating possibilities of dissension in military quarters against the government of President Grau San Martin.

This was learned today by International News Service through an exclusive survey of the army barracks at Camp Columbia and Cabanas fortress.

An army spokesman, Private Edward Ambrosio, corps of engineers, declared the new Cuban officers were being selected by the same methods formerly used by the United States National Guard.

Worked In U. S.

Ambrosio, who lived in the United States for eight years, joined the Cuban army in order not to starve when he found it impossible to pursue an engineering career in Cuba under the Machado regime.

He was an assistant engineer at Hialeah, Fla., for three years and also worked in Miami, Chicago, Philadelphia and Savannah. He is a member of the American Association of Engineers.

"Officers are being chosen by popular election," he said. "All enlisted men in each company are eligible. The positions are going to men who merit them and politics do not affect the choices. Some privates are now officers, as well as some corporals and some sergeants."

First U. P. Group Has Dinner-Rally

Workers' Event Attracts 60 On
Wednesday Night—Hear
Drive Plans

A group of close to 60 congregational workers, representing the Sunday school and various missionary organizations of the First U. P. church, Glenmore boulevard, rallied in the church last night to hear speakers present the objects of the new United Presbyterian denominational program for the coming year.

After a tureen dinner was served, the group listened to Roy A. Jamison, J. Lee McFate, Sunday school superintendent, and Dr. S. E. Irvine, pastor of the church, outline the details of the church program. Devotionals were led before the speaking by Mrs. E. C. Ruby.

Mr. Jamison is congregational chairman for the year's activity drive, assisted by Mrs. Fred Sontum, Mrs. Robert Newell, Miss Ruth Maybray, Floyd V. Lortz, Charles McNickle and Mrs. E. C. Ruby.

The committee which handled the dinner arrangements was composed of Mrs. Roy Jamison, Mrs. John Ingham, Mrs. Thomas Davis and Mrs. Ruby.

Sections Of City

Street department employees were busy in various parts of the city yesterday but the rain today interfered with their work.

The commissioner, H. M. Moore, said the men yesterday scraped, patched and gravelled streets.

The road machine operated in Boro Line street, Etna and Bluff streets and Patterson avenue received a coat of ashes.

Other employees patched places in Ray street which were in need of repair.

The employees today went to Reynolds and West North streets which are to be scraped providing rain ceases.

Penna-Bo Auxiliary Will Hold Memorial

Lodge To Pay Honor To Deceased Members At Sept. 27th Exercises

Members of the Penna-Bo auxiliary to the Brotherhood of Locomotive Firemen and Enginemen, meeting for their customary meeting at City hall Wednesday afternoon, made plans for the lodge's annual memorial service which will occur on September 27.

On that day the members will meet at City hall for a brief service and then proceed to the various cemeteries to place flowers on the graves of their deceased members.

The lodge discussed regular routine business last night.

Group Here To Do Rail Contract Job

Nine workmen from various parts of the country have arrived in the seventh ward to begin a rail welding contract job which a Chicago firm has with the P. and L. E. in the local district.

The men who have taken up temporary residence here are R. E. Payton, Chicago, foreman; Newell and Ray Hansen, Idaho Falls, Idaho; Norman Harding, Newport, Ind.; J. L. Meeks, Chicago; E. Peterson, Cleveland; L. H. Nims and Kermit Balne, Fresno, Cal., and James G. Duggan, Omaha, Neb.

The nine will be here for three weeks.

Presbyterian Class Plans Fall Affairs

An old time social event and the annual church supper were fall affairs discussed by the Willing Workers class of the Mahoningtown Presbyterian church at their meeting following the weekly prayer service of the congregation last night.

October 26th was set as the date for the social while the supper will occur on Thursday, December 7th.

Mrs. F. W. Guy, president of the class presided last night while the group discussed other winter plans.

Ladies Aid Plans November Supper

November 16th was the date chosen for the annual supper of the Ladies' Aid society of the Madison Avenue church when the members met Wednesday afternoon with Mrs. R. A. Franklin, North Cedar street, as hostess.

Associate hostesses were Mrs. H. O'Spurrier and Mrs. J. M. Egan.

The group's next meeting will be held with Mrs. C. J. Bernhart, North Liberty street.

CANCEL CLASS OUTING.

A corn roast which the members of the Sunday school class of Mrs. Hugh E. Davey of the Mahoning M. E. church were to have held tonight at Mt. Jackson, was postponed indefinitely this morning because of the weather.

Asserts Folks Live Longer When Rid of Unhealthy Fat

"Look and Feel Younger,"
Physician Declares

A body burdened with fat is not a healthy one. Fat limits activity—it makes you look and feel older because it slows down body organs—it often puts unnecessary strain on the heart.

Insurance companies constantly warn of fat's dangers and just recently in a lecture before the American Academy of Medicine a prominent doctor said that persons not fat live longest.

Certainly you're going to do something about this dangerous monster—FAT? Don't you know physicians prescribe a half teaspoonful of Kruschen Salts first thing every morning in hot or cold water to reduce fat safely—without discomfort or loss of strength? Rather you gain in energy and pep—feel and look younger—you'll probably enjoy better health than you have in years.

And don't forget when you banish excess fat you're apt to live years longer and also apt to be free from those ailments so prevalent in fat folks—high blood pressure, rheumatism, shortness of breath, acidity and indigestion.

A jar of Kruschen lasts 4 weeks and costs but a trifle at New Castle Drug Co., Eckerd's Drug Store or any drugstore the world over—money back if not joyfully satisfied with results. But protect your health—make sure you get Kruschen—the ORIGINAL—the GENUINE—the SAFE way to reduce.

Less Favorable Crop Report In State Is Seen

Smaller Yields Are Predicted
For Eight Of Twelve Crops
In Pennsylvania

By ARTHUR C. WIEBE
Special Washington Correspondent
New Castle News

WASHINGTON, D. C., Sept. 14.—Crop conditions in Pennsylvania on September first of this year were less favorable for most crops than on September 1, 1932 the Crop Reporting Board indicates in its review as of that date.

Of the 12 crops in Pennsylvania included in the estimate, larger yields are predicted for only four. Smaller yields than last year are indicated for the remaining eight.

The index of the corn crop in Pennsylvania was 76 on September first of this year as against only 67 on the corresponding date of 1932. Similarly, increases in indexes from September 1, 1932 to September 1, 1933 were reported for three other crops as follows: spring wheat from 61 to 71; buckwheat from 69 to 76; and tame hay from 69 to 83.

The indexes of other crops in the Keystone State, however according to the September survey, declined in the following order: oats, from 70 to 59; barley from 75 to 69; tobacco, from 59 to 49; apples from 51 to 41; peaches from 60 to 43; pears, from 65 to 58; grapes 71 to 59; and potatoes, from 68 to 64.

The index numbers represent the percentages of normal crops as forecast by conditions existing September first of the two years in question.

Bible Class Plans School Evening

Members of the Young Married People's Bible class of the Epworth M. E. church will hold their monthly social meeting tonight with a tureen dinner in the church. It was originally planned to hold it at Beech Glen on the Slippery Rock creek, but the inclement weather of today forced a change in the plans.

IF YOU are really interested in saving money on food, an electric refrigerator gives you an opportunity.

It permits you to buy the same good quality of food and just as much as you have been consuming but at less cost.

With an electric refrigerator in your kitchen you can take advantage of specials or week-end prices on food. You can save on almost every perishable food item by purchasing in larger quantities and in the sure knowledge that it

will keep fresh in your electric refrigerator. Then, too, an electric refrigerator saves food that might otherwise spoil. Sour milk or wilted lettuce become things of the past. Left-overs never need be wasted. New, inexpensive frozen salads and desserts become part of your menu.

Consider quality above price when buying an electric refrigerator. Select one adequate to your family needs. A good rule is to provide 2 cubic feet of refrigerator capacity for each member of your household.

New Wilmington

W. C. T. U. MEETING

The dry cause received added impetus in New Wilmington on Tuesday evening when Attorney Walter Braham of New Castle presented his opinions of this pressing problem in his clear cut, convincing way. He admitted that prohibition has lost its fight, but pleaded for renewed effort on the part of citizens of the country. Time would show how repeal will be an entire failure and prohibition will be restored. He recommended the principle of watchful waiting.

ROTARY MEETING

In the absence of Dr. Beeler, head of the district Rotary clubs, who was scheduled to appear before the local organization on Monday night at Wyatt's Lodge, but was unavoidably detained, Dr. Hugh M. Hart presided at a business meeting of the club.

YOUNG PEOPLE'S COUNCIL MEETS

Approximately 150 young folk from East Brook, New Wilmington, Shenango, Rich Hill and Volant churches enjoyed their quarterly meeting at the Presbyterian church on Monday evening. Dr. J. M. McMains, pastor of the Shenango U. P. church, was the principal speaker of the evening and delivered an uplifting and inspirational address on the need of "courage." A delightful social hour was enjoyed in the cafeteria of the church when the young ladies of the Presbyterian Endeavor society served refreshments to their guests. Richard Davis of the Presbyterian church was in charge of proceedings.

ATTEND CONFERENCE

B. F. Kauffman and T. J. Minner will be lay delegates to the annual Erie conference of Methodist ministers to be held from Thursday until Sunday of this week in Meadville, Pa. They will accompany the Rev. E. O. McNulty, pastor of the local Methodist congregation.

A razor blade shortage —and its cause

AMAZING public response—far exceeding our most optimistic estimates—greeted Gillette's drastic price reduction.

At this writing many wholesalers and retail dealers are out of stock. The factory cannot keep pace with demand. The reason for this is very simple. Quality must be maintained at any cost. This instruction is law in our factory.

In fact—today inspection is even more rigid than ever. Each opera-

tion is supervised with extreme care. We are pledged to a continuance of the highest standards of excellence.

Expansion to meet present demand without lessening quality now

is being attained. If your dealer is out of blades his stock should be replenished within a few days.

In the meantime we ask your indulgence and trust you will have no difficulty in finding a store which has Gillette, Probak and Valet AutoStrop blades.

Post Office Will Carry NRA Posters Until End Of Year

Local Office, Like Others, To
Push Campaign Until
End Of 1933

The New Castle postoffice has on hand a supply of NRA material for distribution locally until the end of the year, Postmaster Lake S. MacNab announced today.

Washington authorities have instructed him to pass out the display material to additional persons who sign the president's re-employment agreement pledge. It has been made clear that the drive for the emergency re-employment extends to December 31, and First Assistant Postmaster General Joseph C. Mahoney has indicated in his instructions that an active campaign to sign up NRA members will continue throughout the balance of 1933.

DISTRICT COUNCIL MEETING
The local district council meeting, comprised of the young people of the Sabbath schools of this district, will hold a meeting Sabbath evening, Sept. 17 at the Bethel church. John Kyle, district superintendent. The program will consist of special music, local talks by young people from this district and also speakers from New Castle. The theme of the meeting will be "Duties and Responsibilities of the Youth of Today." On account of the above meeting there will be no young people's Christian Union and Christian Endeavor meetings that evening at the respective churches in this district.

I. M. H. S. SEW AT HOS' TAIL
Members of the Iva M. Hamill Society met at the Jameson Memorial hospital Wednesday where during the morning they sewed articles for the hospital. At noon they motored to the home of Ruby Metz where a bounteous picnic dinner was served under the grape arbor in the

yard, the committee being Margaret Thompson, Blanche Pitts and the hostess. Later in the afternoon a fair which will be held in the near future. A social committee consisting of Agnes Davison and Ruth Kil-doo, a work committee, Mrs. W. O. Taylor and Mae Pitts, were appointed to serve during the next three months. The next meeting will be held October 12 at the home of Mrs. Hazel Chambers with Agnes Davison in charge of the afternoon program.

Board Will Be Formed To Hear NRA Disputes

Compliance Board Of Seven Members Will Be Named By Chairman Rentz

DUTIES OUTLINED BY ADMINISTRATOR

By ARTHUR C. WIMER
Special Washington Correspondent
New Castle News
WASHINGTON, D. C., Sept. 14.—A compliance board to bring about enforcement of NRA codes will be immediately formed in New Castle under orders issued by NRA Administrator Hugh S. Johnson.

The board will consist of seven members. Two will represent employees, one of these representing industrial employees and the other retail or wholesale trade employees. Two members will be employers, one being an industrial employer and the other representing the wholesale or retail trade. A fifth member will be a consumer representative, a sixth a lawyer, and a seventh will be chairman of the board and of no defined affiliation.

Select Own Chairman
Six members of the compliance board will be nominated by a committee selected for that purpose by NRA chairman Fred Rentz. The seventh will be elected by the six other members and will serve as chairman. The chairman, according to General Johnson, "should enjoy

the respect of the entire community, and must be free of any connection—political, financial or otherwise—which would cast any doubt on the impartiality of his decision."

The consumers representative on the local board will be preferably a woman. The lawyer will be recommended by the state bar association. It will be the function of the compliance board to check on alleged violations of blue eagle codes, and to educate employers to comply with such agreements. The board will be without authority to deprive any employer of the blue eagle. When the board determines that an employer is violating his code and the employer declines to correct the situation, then the board will report to Washington and action will be taken by administration officials.

Charged primarily with the duties of education, conciliation and mediation in their respective communities, the compliance board will hear:

- (1) Complaints of non-compliance with the president's agreement.
- (2) Petitions for exceptions under paragraph 14 of the president's agreement which permits exceptions where strict compliance would create great and unavoidable hardship.
- (3) Petitions for permission to operate on the longer hour schedule of existing union contracts, instead of the maximum hours of the president's agreement.

Kidnaper Gets 21 To 28 Years

(International News Service)
ATLANTA, Ga., Sept. 14.—William Delpinski was under sentence today to serve from 21 to 28 years in the penitentiary after a jury found the youth guilty last night in the ransom kidnaping of John K. Otley, president of the First National bank.

Delpinski admitted that on July 5 he kidnaped the bank official in Otley's automobile and held him in the woods while a note was delivered at his home asking for \$40,000 ransom.

An alleged accomplice of Delpinski, Pryor Bowen, 17 years old, will be brought to trial shortly.

Ohio City Hits At Scandal Sheets

Indict Absent Publisher In Steubenville For Paper Circulation

STUEBENVILLE, O., Sept. 14.—One of the 41 indictments returned by the Jefferson county grand jury late Wednesday charges criminal libel against David Parrish editor of a weekly newspaper circulated here. Parrish is said to be a resident of Wheeling, W. Va. Efforts to locate him here failed.

Information against Parrish was presented to the grand jury by Prosecutor A. L. Hooper, who charges that a recent issue of the newspaper libeled William Weinman, assistant prosecutor, by alleging that Weinman fixed a highway violation case for a Pennsylvania truck owner. Prosecutor Hooper personally notified all newstand owners and newspapers distributors here that they will be held legally responsible with publishers for all scandalous newspapers they sell in the future.

The next step is to determine whether a week-old provisional president is eligible to be the Cuban ex-presidents' alumni association.—Indianapolis Star.

TO RETURN TO E. S. TIME
By action of the board members on Wednesday night, the meetings of the school board will be held on eastern standard time, beginning with the October meeting. The schools automatically return to eastern standard time September 25.

In order to prevent confusion in times the board has been meeting at 8 o'clock fast time all summer. The meetings will now start at 7:30 eastern standard time.

Four Were Killed When Gang Shot Way Out Of Penal Farm In Riot

(International News Service) MARKSVILLE, La., Sept. 14. Having killed two escaped prisoners, critically wounded a third and captured three others, possemen today were closely pursuing five of the 11 convicts who shot their way out of the Angola penal farm Sunday in a sanguinary riot.

The search centered along the Red river near the village of Brouillette, where yesterday the officers surrounded the desperadoes' hiding place in a cotton field and poured a murderous fire into their midst. Patrick Ryan and John Anderson were killed by the fusillade and James Russell was wounded, perhaps fatally. Four men were killed and ten wounded in the break for liberty Sunday.

McClung Reports On Tax Collections

In a report filed with the school board Wednesday night by L. W. McClung, tax collector, a total duplicate of \$900,253.39 is reported for 1932. Of this amount \$701,337.48 was collected, \$227,665.58 was filed with the county commissioners, and \$58,043.03 remains to be collected.

The face of the 1933 duplicate shows a duplicate of \$930,936.80. Of this amount \$380,216.86 has been collected, leaving a balance uncollected of \$550,719.94.

Gives Possible Cost Of New Court House

Interesting figures concerning the estimated cost of a new court house such as proposed in case the county should decide to borrow funds from the government under the provisions of the Federal Recovery Act, in which thirty percent of the money would be given outright by the federal government and seventy percent would have to be paid back have been compiled by a local architect. The court house on which the estimates are furnished is of the latest type and includes a jail located on the top of the building.

In 1928 and 1929 the approximate cost of such a court house was from \$1 to \$1.25 a cubic foot. At present time with allowance for price increase due to adherence to prices and wages under the provisions of the N. R. A. the cost would be from \$5 to \$6 per cubic foot.

The estimated cost would be \$700,000. Thirty percent allowance given by the federal government would be \$210,000 leaving the net cost to the taxpayers of Lawrence county \$490,000. The average yearly cost of repayment in taxation would during the first few years, with a more or less gradual decrease, based on the bonded indebtedness of the county.

Money expended in Lawrence Co. would be as follows: in direct labor cost \$225,000 and for materials produced in Lawrence county \$265,000 a grand total of \$490,000 or approximately the amount of actual cost to Lawrence county. Of the balance approximately \$125,000 would be ex-

FOR REGISTER AND RECORDER

EDWIN O. REED
To Republican Voters of Lawrence County:

Sometimes people speak of "putting their vote where it will do the most good". When they talk this way they usually have a sufficient reason for doing so. Who, among the candidates, is showing sufficient strength to carry the banner, is what they really are thinking about.

If you want an answer to such a question, don't ask the candidates; ask somebody else. Carry out this plan in every corner of the county, and your conclusion should be fairly accurate. If you have any such question as to the office of Register and Recorder, we call to your attention the candidacy of Edwin O. Reed. He is a product of North Beaver Township and her institutions, but the interest being shown in his campaign does not stop there.

Respectfully submitted,

WAGE INCREASE FOR WOMEN EMPLOYED IN SCHOOL WORK

Women who have been working part time in the schools as assistant janitors will receive an increase

in their wage due to increases in working hours, following action of the school board Wednesday night. A special committee consisting of Mrs. J. C. B. Douthitt, Mrs. John E. Elliott and H. W. McIlvenny report-

ed that some of the women were working for ridiculous wages and suggested that those working on 1-4 time be increased to 1/2. That those working on 1/2 time be increased to 3-4 and those on 3-4 remain at that level for the time being.

Over 11,100 Enroll In Public Schools

Net Enrollment For Year Shows Increase Over Period A Year Ago

Comparative tabulations of the enrollment of the New Castle schools, presented to the school board Wednesday night show a net increase of 106 pupils for the present term over that of 1932. The total of 1933 enrollment at the time the report was made shows 11,108 as against 11,002 for the previous year.

The figures for this year do not show any enrollment for the continuation school, and a decrease of 51 in the Senior high school due to many post-graduates not returning.

DODDS RESIGNS AT JUNIOR HIGH SCHOOL

One resignation was received and accepted by the New Castle school board Wednesday night, that of Albert W. Dodds, an instructor in history in the Benjamin Franklin Junior high school. His reason for resigning is to attend school further.

Fugitives From Rockview May Have Been Killers

Pittsburgh Police Head Connects Pair With Slaying Of State Highway Officer

(International News Service) PITTSBURGH, Sept. 14.—Police Superintendent F. T. McQuade of Pittsburgh Wednesday linked two escaped convicts from Rockview Penitentiary with the slaying of State Highway Patrolman Herbert P. Brantlinger, and asked police throughout the state to redouble their efforts to apprehend the fugitives.

McQuade said: "We have strong reasons for suspecting they (the convicts) are involved in the killing of Brantlinger. He did not disclose his reasons."

The convicts, Frank Nedeau, Allegheny county burglar and Wayne Daugherty, Crawford county auto thief, escaped from Rockview August 25 after stealing an auto and civilian clothes from the state police quarters there.

Brantlinger was shot and killed Labor Day morning by two men in an auto when he sought to question them after finding them robbing a gasoline filling station.

May Establish New Stock Market

Stock Exchange Leaders Consider Removal To City In New Jersey

(International News Service) NEW YORK, Sept. 14.—Establishment of a new stock exchange in a northern New Jersey city appeared an imminent certainty today as the board of aldermen prepared to concur in action by the board of estimate approving the Undermyer emergency tax program.

Bitterly assailed by financial houses affected by it, the tax program calls for a levy on the gross earnings of brokerage houses, a 4 cent-a-share stock transfer tax, a levy on the gross incomes of public utilities and another on savings banks and fire and life insurance companies.

Officials of the New York stock exchange were non-committal on the reported establishment of a New Jersey securities mart. But they avoided discrediting the announcement that a member of an exchange brokerage firm has engaged the legal firm of Cadwalader, Wickersham & Taft to draft a plan for such an exchange.

Temple Israel Service Friday

Fall Season Schedule To Open — Robert Goldman To Assist Saturday

Temple Israel, Highland and 3rd Moody avenues, will conduct its first regular service of the fall season on Friday evening, September 15, at 8 p. m. Rabbi Avery Jonah Grossfield officiating. The topic of the sermon will be: "A Few More Days."

The Saturday morning services will take place September 16, at 11 o'clock, with Robert Goldman assisting the Rabbi in the reading of the prayers. All the children of the Religious School are expected to be present together with their parents.

Plans are being completed for the observance of the Rosh Hashanah Holidays, which begin Wednesday evening, September 20, at 8 o'clock. All those desiring to attend these High Holiday services may make arrangements by calling on the secretary of the Temple, M. Risika, 30 East Washington street, before September 20. Rabbi Avery Jonah Grossfield will officiate, and the choir will render the music in the inspiring traditional melodies of these Holidays.

Take Aspirin

Then look at these Pictures

They show why genuine BAYER ASPIRIN is rated Fastest Safe Relief from Pain

IN 2 SECONDS BY STOP WATCH

A Genuine Bayer Aspirin Tablet Starts to Disintegrate and go to Work

Drop a Bayer Aspirin Tablet into a glass of water.

By the time it hits the bottom of the glass it is disintegrating.

What happens in these glasses happens in your stomach

Quicker Relief Now from Pain

The pictures above tell, in a simple way, the reason GENUINE BAYER ASPIRIN is rated the Fastest, Safe Relief known for pain.

Note that a Bayer Aspirin Tablet starts to disintegrate within two seconds after touching moisture—in your stomach just as it does in the glass above.

Hence, a Bayer Aspirin Tablet starts to "take hold" of even a severe headache or neuritis a few minutes after taking.

Keep this in mind when in pain. BAYER brings the quick relief you want. And the SAFE relief, too. For Genuine Bayer Aspirin does not harm the heart.

So—always say "Bayer Aspirin" when you buy. Then you'll be sure to get the Quick relief and Safety of the real Bayer article.

Old Streets Made New

CONCRETE RESURFACING Provides Smooth, Long-lasting Streets Provides Jobs for Men

Beneath the worn-out surface of many a pavement lies a strong, substantial foundation. By removing the old surface and covering the old foundation with modern CONCRETE, a new pavement can be obtained at moderate cost.

If these streets connect with state highways, the resurfacing can be undertaken by your State Highway Department, using Federal funds, without local taxation or assessment on the property owner.

Resurfacing will provide immediate employment and can be completed with minimum interruption to traffic and to business. The pavement will have all the fine smooth-riding, long-lasting qualities which only CONCRETE gives.

Insist on CONCRETE for resurfacing old streets to secure pavements that are nationally recognized as the most substantial, the safest, and most comfortable for modern traffic.

GOOD NEWS for Housewives

A FLY KILLER HAS BEEN FOUND WHICH ACTUALLY KILLS FLIES AND OTHER INSECTS BUT LEAVES A PLEASANT ODOR IN ROOMS

Users of Household fly sprays who have been obliged to endure odors of a repugnant nature will welcome the good news that now a fly killer has been found which actually kills flies and other insects but leaves a pleasant aroma in the rooms where used.

DWIN Household Fly Killer is the result of almost 9 years of experimentation and study on the part of its makers. It contains Pyrethrum, an extract from flowers grown in Japan which is deadly to insects but harmless to humans, animals, or food.

The pleasant aroma of DWIN Fly Killer kills the insects with which it comes in contact—it protects you and your family from deadly diseases and it is pleasant to use because of its delightful fragrance. Remember it has positively no effect on human beings.

When you are in your favorite store today, test its fragrance and buy a can for use in your home with the understanding that it is fully guaranteed.

Prospective Auto Drivers To Receive Test Next Tuesday

During the past few weeks there have been quite a few candidates for motor vehicle operator's tested by the state highway patrol in Sampson street.

Sometime ago it was found necessary to increase the number of examiners and on the last two test days the squad has been aided by Jack Cunningham, highway patrolman stationed here.

The next day for examinations is Tuesday. The examiners, in charge of Corporal L. C. Hanks, will start the tests at 10 a. m. and end examinations at 3 p. m. d. s. t.

Persons who are not in the line of prospective applicants at three p. m. will not be given the test as the highway patrol examiners must take up other duties after 3 p. m.

N. Y. Sees 250,000 Parade For NRA

NEW YORK Sept. 14.—A quarter of a million men and women waved the symbolic blue eagle banners of a new economic era Wednesday as they marched to stirring music up Fifth avenue between thousands of cheering spectators in a demonstration unrivaled since war-fevered 1918.

They left their machines, put aside their tools and closed their desks to demonstrate their enthusiasm for a program designed by President Franklin D. Roosevelt to bring higher wages, shorter working hours and recognition of the right of collective bargaining.

For nearly eight hours they beat a rhythmic tramp past a reviewing stand, under a swirling blizzard of ticker tape, a gaudy panorama of color—sending up cheer on cheer as drums beat and bands blared their martial tunes.

WAKE UP YOUR LIVER BILE—WITHOUT CALOMEL

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks pink, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just sits in the bowels. Gas bloats up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good, old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely! But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Resent a substitute. See at drug stores. © 1931 C. M. Co.

New Castle And Braddock Prepare For Game

Braddock To Test New Castle Eleven

Opening Game Friday Night At Taggart Stadium Is Eagerly Awaited By Fans

Coch Bridenbaugh Moulds Well Balanced Team For Stiff Grind This Fall

The final polish is being applied today on two scholastic football teams, New Castle and Braddock. Friday night, under the flood lights of Taggart Field the two teams will be called upon to inaugurate the football season for 1933 in Pa. New's domain. The kickoff will be at 8:30 o'clock, daylight time, according to an announcement by Faculty Manager Ralph H. Gardner today.

New Castle fans are eager for the first tilt of the fall campaign. For some reason the spring games fail to arouse much enthusiasm but the games in September, October and November have the "real kick". Football is in the air now. It won't be long until the whistle sends two schoolboy elevens racing down the well lighted field in search of the elusive piskin.

Untried Team. Just what kind of a team will New Castle have this year? Your guess is as good as the next one. The team is an untried one. Even Coach Philip Bridenbaugh will not venture a statement as to what kind of a team he has. He prefers to see them in action first. So do the fans.

From the championship team of 1932 there are the two Shellege brothers, Raskowski, Lane, Sorto, Humphrey, Captain Komlin, Howley, remaining. Not all of the mentioned were regulars, only four of them to be exact. So, you can hardly call this year's eleven an experienced one. The reserves last year were fine, and they will be the regulars of this year. Lane will no doubt have a good season, he is a much improved player. Captain Walter Komlin is hitting the line harder than ever before. C. James at the other halfback is untried in varsity competition. Ridley will be new at quarterback. If Ridley falters Peter Capito, Jr., will be held ready to rush into the game. Hamilton and Seetch will be backfield reserves who will no doubt see a lot of action. Ostrosky may get into the game at any time.

The line you already have guessed will contain "Possum" and Fred Shellege, Walter Raskowski, Joe Howley, Humphrey or Sorto, and either of the four wingmen Hitchens, Kneram, Fleming or Perrett. Tuscano is also sure to get into the game at a wing post.

Braddock Strong

Braddock high will present a strong team here. Coach Ham Hudson has possibilities this year of going places with his Braddock high team, they showed that at Erie last week by holding the powerful strong Vincent eleven to a 6-6 tie. They will come here tomorrow night bent on taking the measure of New Castle. What school in Western Pennsylvania does not try to beat New Castle. What an honor it is to defeat a Bridenbaugh team. Not many of them can boast of that achievement in football. It just isn't being done very often.

Football Field Ready.

Chicago Cubs Trim Giants

Lead Of Giants Cut To Six And Half Games As Carl Hubbell Is Chased

PIRATES TAME BOSTON BRAVES

By COPELAND C. BURG
International News Service Sports Writer
NEW YORK, Sept. 14.—They say time and tide wait for no man, but the Chicago Cubs today had knocked that idea as flat as Travis Jackson's feet as they bounded along in the National League pennant grind, determined to go somewhere, even if it's only around the corner.

Battling through four and a half hours of wind and gale, the Bruins sank the haughty Giants, 2 to 0, and climbed within six and a half games of the league-leading New Yorkers.

After the water polo demonstration had gone two innings the rain got so thick a two-hour halt was called, but the Cubs and about 20,000 fans defied the Giants, all clocks and the elements, and in the end everyone was well satisfied except the Gotham giants.

Hubbell Chased
Carl Hubbell, Giants' hurling ace, was pounded for four hits in the first two innings and then, like a hothouse lily, was whisked away to a nice, warm hotel, while Bill Shores, recently toughened up in Kansas City, carried on like an Eskimo, keeping Chicago scoreless until the bitter end. Mr. Guy Bush was much better, however, and the nine hits he allowed the Giants were much further apart than the rain drops, and in the pinches his fast one went over the plate like a piece of frozen dew.

The second game scheduled for yesterday had to be put over, thus giving the teams five games in the next three days, a circumstance not much to the liking of the nervous overworked New Yorkers, straining to clinch the flag so they can rest up for the world's series fight they are already planning against the Washington Senators.

Pirates Win
Pittsburgh's Pirates, evidently not having been duly informed the pennant chase was supposed to be over, continued in a tie with the second-place Cubs, blanking Boston, 1 to 0. Larry French pushed back the Braves with four blows, getting the nod over Ben Cantwell, who awarded seven to the Pirates. Fred Lindstrom, who some say is going to manage the Bucs next season, doubled in the first inning and made the only tally of the game on Pie Traynor's single.

Dizzy Dean, who leads both leagues with 187 strikeouts, fanned three and gave only five safeties, enabling St. Louis to humble Brooklyn, 4 to 1. Manager Frankie Frisch of the Cards was ousted in the fourth inning for sassing Umpire Magerkurth. It was Dean's 20th win this season.

White Sox Win
Philadelphia's Athletics were able to score in only one inning with Jones spacing eight hits and the White Sox of Chicago rolling it off, 3 to 2. Sugar Cain gave Chicago nine hits against six garnered by the A's in the nightcap, but managed to stagger on to a 4 to 2 success. Jimmy Fox hit homer No. 45 in the opening fray.

Six-hit hurling by Lloyd Brown developed a 3 to 1 victory for Boston's Red Sox over the Boston Browns. Johnson led the Boston bat attack with a couple of blows. West homered in the sixth for the Browns' lone score. Other teams did not play.

Campbell Fund Near \$60 Mark

The fund being taken up by the Spencer mushball team for Lee "New" Campbell, the young man who broke his leg in a mushball game, is nearing the \$60 mark today. A benefit game was played last week, but not all of the tickets and money have been turned in. Those having either tickets or money can leave it at Spencer's store with Ed. Spencer.

Colonial A. C. Defeats Elder

Score Four Runs In First And Win Game Eight To Four

Colonial A. C. defeated the Elder A. C. 8 to 4 in the first of the series between the two independent league teams. Each finished second in their respective divisions. Five two-base hits were turned in. Colonials made more errors than the Elders but their first inning jump of four runs proved the deciding factor in their finishing ahead.

Score by innings: R. H. E.
Colonial 400 013 0-8 7 5
Elder 000 022 0-4 8 3
Batteries—Colonial, Thornton and Leonelli; Elder, Quinn, Campbell, Thornton and Faichney.

Teams To Play First Of Series

Mahoning And Bessemer Clash Today In Titular Series

HUTNIC TO PITCH FOR MAHONING A. A.

Mahoning and Bessemer will clash in the first of a series to decide the championship of the Lawrence County Twilight Baseball League at Centennial Field today. The game is scheduled to start at 5:15 p. m. Mahoning won the championship of the first half after a play-off with the Tigers of the West Side. Following the completion of the first half all the teams which remained in the league merged into one body.

Bessemer played consistent baseball during the race while Mahoning finished last. However, the status of the Mahoning in the last portion of the season will not worry Nick Cangle, so the latter says.

"Mahoning will be out there trying to win and we will try to win the first game and get the break," he declared today. He will send Hutnic to the mound.

Manager Martin believes that Bessemer has the best team in the league and with his hurlers all set and ready to pitch, he said he would not name his choice until a few minutes before the game starts.

Landis-Baseball Mogals Talk Over Matter Of Series

(International News Service)
CHICAGO, Sept. 14.—Kenesaw M. Landis, commissioner of baseball, met today with the two major league presidents to make arrangements for the 1933 world series.

Besides the two league presidents, John Heydler of the National, and Will Harridge of the American, representatives of all clubs in each league with a mathematical chance to win the pennant were invited.

Hartman Has Big Squad Of Players

GROVE CITY Pa., Sept. 14.—One of the largest squads in fifty-year history of football here, 70 players, are out in uniform for the 11 varsity positions on the Grove City high team.

Coach Joe Hartman is elated with the "Esprit-De-Corps" shown by the local school. He rates that eight of the 11 men on his 1932 team are in school.

The varsity schedule opens September 15th with a night game at Meadville with the high school team of that city.

Walther Named News Golf Champ

Wins Title In Nine-Hole Match Played On Field Club Course Last Evening

BIG GALLERY IS FEATURE OF PLAY

CHARLES Philip Walther, sports writer of The News, won the New Castle News championship at the New Castle Field Club, when he shot a sparkling 43, seven under his nearest competitor, for nine holes. The match was sponsored by Jacob F. Rentz, manager of The News, in order to settle a long-standing dispute, which has been waxing all summer long, and the winners were awarded handsome prizes by him.

Summer rules pre-ailed, the players being forced to play the ball as it lay, and as a result, most of the players came to grief on a few of the holes, failing to break 50. Walther, on the other hand, failed to let this handicap his play, and came in with five pars on the tough Field Club Course.

Consolation honors went to C. E. Allen, Norman Richard, Bart Richards and Fred Scheppele, who finished in this order just behind the champion.

Most of the players came to grief on No. 3 and No. 5 holes, and after running up too many strokes on these two holes, gave up the battle.

HARRY K. Bell and Clyde Burkholder, two novices at the game, won honors for high score, each being tied for this distinctive honor. However, they acquitted themselves nobly for all their inexperience.

Excite Field Club Courtesy
The players and management of The News were very appreciative of the courtesy of the Field Club management in extending the use of their course for the match.

Because of the interest aroused, it is likely that the event will be made an annual one. In fact, another match may be played next week, to settle some disputes which arose between different players as a result of last evening's play.

A large gallery followed the players about the course, each pulling for his favorite to win, and wisecracking was one of the pastimes of the "kabishers."

The results of the evening's play follow:
Walther, 43; Allen, 50; Richard, 51; Richards, 53; Scheppele, 53; Reed, 55; V. Burkholder, 56; Kisthart, 58; Finch, 58; Carlson, 61; White, 62; Dick Rentz, 62; Hickling, 63; Bell, 66; Clyde Burkholder, 66.

GOLF FACTS NOT THEORIES! By ALEX. J. MORRISON
Central Press Association

RIGHT ELBOW SHOULD BE LOWER THAN LEFT DURING BACKSWING AND DOWN SWING
Number 95

ALEX MORRISON says:
A simple way to properly balance the action of both arms and hands is to keep one arm in the right relation to the other during the backswing.

With a right-handed player the right arm rolls over the left during the downswing. However, this roll over, should not take place until well after the ball has been hit.

Throughout the entire backswing and downswing the right arm should remain lower than the left arm.

To do this you need only see to it that your right elbow remains lower than your left in this part of your swing.

Pirates Purchase New Infielder

(International News Service)
OAKLAND, Cal., Sept. 14.—The Pittsburgh Pirates today bought 18-year-old Harry "Cookie" Lavagetto, second baseman, from the Oakland baseball team of the Pacific Coast League. He will report next spring. The Oaks will get a player and a certain amount of cash.

Mushball Series To Start Friday

National Radiators And East Side Merchants Will Play Series For Title

FIRST GAME AT ROSE AVENUE

National Radiator and East Side Merchants mushball teams will play a five-game series for the mushball league championship, starting Friday night at the Rose Avenue Field at 6:30 o'clock.

At a meeting held at the "Y" last night President Charles P. "Bugs" Walther together with Cutler and Mackie of the Merchants and Reed and Cover of the Radiators talked the series over and made all arrangements.

The umpires chosen for the series games were—Earl Riley, umpire-in-chief of all the games, Ed. Lockley and Tony Mastern, with Joe Crabbe and Pete Semansky in reserve. All series games will be nine innings if possible. The umpire-in-chief to have the final say as to darkness.

The second and third games of the series will be played at the Radiator Field Monday and Wednesday of next week. The final two games if need necessary at the Rose Avenue Field.

Each team will furnish one new ball for the series games.

Only the players who have been with the two teams all season will be eligible for the series games.

Union Gridders Hold Scrimmage

Head Coach David M. Boyd Just About Set On Starting Lineup For Ellwood Game

BOZAR-RICHEYE OUT FOR TEAM

Union High school football team will go to Ellwood City Saturday afternoon with the intention of evening up a score or two with the Ellwood City high football team. In two games played between the two teams to date Ellwood won one and the other was tied.

Coach Dave Boyd put the Unionites through a tough scrimmage session yesterday afternoon and the team looked impressive, but still lacks speed and smoothness. The blocking was very poor and will need brushing up.

Bozar and Richeye reported to Catch Boyd and will no doubt get starting berths. Bozar is a halfback and Richeye is a center. Boyd has been using Hill and Hughes at center, and these boys have been waging a merry battle for the post, how they must figure Richeye in the running.

Rudesill Good
Morrison and Todd made several nice gains for the first team in the workout yesterday. The punting and passing was not any too good. In fact Union will have to perk up somewhat if they hope to hold the strong Benedict coached team Saturday. The playing of Jaskolski, Wallace and Carpenter was good on the second team. Rudesill a sophomore tackle busted up quite a few varsity plays in the scrimmage session.

Providing the Unionites snap together Coach Boyd has hopes of winning from Ellwood City, but the team will have to look better than they did Wednesday to beat the Ellwood City team.

In 1930 Ellwood City upset Union 27 to 0, and in 1931 the two teams fought a 13-13 deadlock. The teams did not meet in 1932.

Amateur Fighters Go To Pittsburgh

(International News Service)
PITTSBURGH, Sept. 14.—Leading amateurs from throughout western Pennsylvania, Eastern Ohio and northern West Virginia seek championship laurels in the annual golden gloves boxing tournament which starts tonight at Hickey Park Arena, Millvale.

With the entry list one of the largest of recent years, spectators are assured of a rich brand of entertainment from the many present and past amateur titleholders who have registered for the event.

Champions will be crowned after final matches Saturday night. The Allegheny Mountain Association of the A. A. U. is co-sponsor of the tourney.

Third Game Of Series Tonight

Elders A. C. and Colonial A. C. will play their third game of the series tonight at the Elders Field at 6 o'clock weather permitting, it was announced today. Each team has won a game. The battle tonight should be very interesting.

Butler will likely throw them up for the Elders, with either Bartlett or Crommer on the rubber for the Colonials.

AMAZING NEW TIRE WILL SAVE LIVES
No Extra Cost to Public. Come in and See the New Silvertown
THIS year thousands will be killed or injured by accidents due to blow-outs. Will you be one of them? Not if you use this new kind of tire... this tire that makes you 3 times safer from blow-outs at high speeds.
Today's high speeds—40, 50, 60 and 70—cause terrific heat INSIDE the tire. This heat causes rubber and fabric to separate. A blister forms... and grows bigger and bigger... until BANG! A blow-out! And you're headed for trouble or worse.
To protect you from blow-outs, every new Goodrich Safety Silvertown Tire has the amazing Life-Saver Golden Ply. This new invention resists heat... rubber and fabric don't separate. Thus blisters don't form inside the tire. The CAUSE of blow-outs is eliminated beforehand.
The best part of this good news is that you don't have to pay a single penny extra for this Golden Ply protection. Thanks to the Goodrich crusade to save lives, we can give you this new Safety Silvertown for the same price as any other standard tire.
Why take chances? That blister... that blow-out... may be in your tires right now. Come in today.

Stiffer Test For Amateurs

Johnny Fischer And Johnny Goodman Both Out Of Amateur Tourney At Cincinnati

By DAVIS J. WALSH
International News Service
Sports Editor

CINCINNATI, O., Sept. 14.—In one match, Lawson Little, of San Francisco, a really great amateur, will meet C. Ross Somerville, by his record the greatest of all. In another, Max Marston, the ex-champion, will play Sidney Noyes, of New York who may be the champion-to-be. In a third, Jack Westland, staid, old conservative, will play Jack Munger, the rising, young man from Texas. The fourth will couple George Dunlap, Jr., and Eddie Held, master fighters, master shot-makers.

That's the program in the third round of the National Amateur Golf championship at Kenwood today. Perhaps not the most vivid of combinations; not, in fact, quite what the promoters hoped for and expected. Johnny Goodman, the open champion, is gone, so is Johnny Fischer, local pride and the medalist who broke all records with his 141 in the qualifying round. Nonetheless, these who want their competition not only urgent, but acute could look further and do worse.

Moreover, all matches from this point to the pay-off final of Saturday will be at 36 holes, which means more than a true test. It means drama, uncertainty, sensationalism.

Mixed Foursome Is Interesting Event

Mixed foursome best ball one-half the combined handicap played at the New Castle Field club course proved interesting to quite a number of the golfers of the club. The winners were A. B. Street and Mrs. J. E. Elliott. The scores made by those competing were as follows: A. B. Street and Mrs. J. E. Elliott 95-130-81; J. B. Matthews and Mrs. A. B. Street 105-22-83; Mr. and Mrs. J. Evans 116-23-88; J. E. Elliott and Mrs. E. S. Machin 110-16-84; E. S. Machin and Mrs. J. B. Matthews 101-15-86.

HERE AND THERE IN SPORTS' LAND

New Brighton won the seventh game and thereby annexed the Beaver county baseball championship when they beat Midland 2 to 1 at Beaver Wednesday.

William Goldberg, 17, is the new golf champ of Greene County Country club. He won the title by beating E. R. Kyle 4 and 2 on the Waynesburg course yesterday.

Herman Lewis of Davis took the Tucker county, W. Va., net crown when he downed Pat Clark, also of Davis, 6-1, 6-1 yesterday. The finals were played at Parsons, W. Va.

Weakness Aids MarketGAINS TODAY ARE
1 TO 3 POINTSBy LESLIE GOULD
International News Service
Financial Writer

NEW YORK, Sept. 14.—Strength in the commodity markets combined with further weakness in the dollar stimulated the stock market into further activity on the upside today with gains running from 1 to more than 3 points in fast trading. The ticker quickly fell behind the market.

The advance was broad and was shared in by virtually every group with the exception of the utilities. Motor shares were the outstanding features under the lead of Chrysler which jumped more than 3 points to cross 52 for a new high for the year. General Motors gained fractionally for new year's high. Farm implement shares including Case and International Harvester were buoyant and gained from 1 to more than 3 points.

Among the more volatile issues Homestake was outstanding, running up more than 18 points. Allied Chemical, American Can, U. S. Steel, and Western Union gained from 1 to more than 3 points. In the commodity markets wheat and corn started with gains of fractions to 2 cents a bushel. Cotton jumped more than \$1 a bale at the start and held its gains.

Trading was at a fast pace and before the end of the first 30 minutes of trading the ticker was 4 minutes behind the market.

Big Enrollment
For Night School

Is Largest In The History Of
The School Here; Passes
200 Mark

ELLWOOD CITY, Sept. 14.—The biggest enrollment in the history of the night school here was experienced in the past three days in the Lincoln building, Director R. J. Hawke announced today.

The enrollment has passed the 200 mark and promises to increase after the first classes this evening. The classes are pretty well filled up. No more can sign up for shop work as the class is filled. However, more people are needed for the sewing and gym classes for ladies.

A definite idea on the enrollment in each class will be given this evening. The night school is open to the public and is free of charge. A registration fee of \$2.50 is required and if the person attends 75 per cent of his or her classes the money will be refunded.

False Arrest
Charge Made

(International News Service)

PITTSBURGH, Sept. 14.—Charging false arrest, Nake Dauka, East Liverpool, Ohio photographer, today had on file in federal court a \$50,000 damage suit against Burgess Judd C. Turner and Chief of Police W. C. Morrison of Ellwood City.

The bill of complaint sets forth that Dauka was arrested in Ellwood City on November 15, last, on a charge of violating a borough ordinance prohibiting sale by transient merchants without a license. He was fined, the suit said, \$100 with an alternative of 30 days in jail, and was refused release on bond when he indicated his intention to appeal.

Dauka said he was held in jail three days.

In Lawrence county quarter sessions court, the bill adds he was discharged because of lack of evidence.

Elk's Club Holds
Regular Meeting

ELLWOOD CITY, Sept. 14.—Elks lodge of this city held its regular monthly meeting last night in its rooms on Crescent avenue with 40 members present.

Plans were completed at this time to hold a special party in the lodge rooms on next Tuesday so as to get the election returns. They also plan to hold special events every Saturday night beginning Sept. 16.

Following the business meeting a social time was enjoyed. Lunch was served later by a committee composed of A. N. Funk and M. A. Smith. The club will start again to hold semi-monthly meetings beginning next month. The next meeting will be on October 4.

Local Boy Is On
Tech Honor Roll

ELLWOOD CITY, Sept. 14.—William E. Bayers, Jr., son of Mr. and Mrs. W. E. Bayers of Ewing Park, this city, has again attained the distinction of having his name placed on the honor roll of the Carnegie Institute of Technology. This is his third time. This means obtaining an average of B or above in all of his studies. Young Bayers is a sophomore.

Club Elects Officers

ELLWOOD CITY, Sept. 14.—Miss Caroline DeLoia was hostess to the Bon Accord club of this city Tuesday evening at her home on 14th street. An election of officers was held with the following results: Honorary president, Miss Mary Vesco; president, Jeanie Basile; vice-president, Jennie Tomei; secretary, Clara Statz; treasurer, Vella Marretti.

Two new members were admitted into the club at this time. The club plans to hold a winner roast next Tuesday. The meeting came to a close with the serving of a luncheon by the hostess and her sister Susie. The next regular meeting of the club will be held in two weeks.

Leave For School

ELLWOOD CITY, Sept. 14.—Miss ernice Porter and Ellwood Helling of this city were taken to Delaware, O., this morning by Mr. and Mrs. J. I. Porter, where they will enter Ohio Wesleyan college. Miss Porter is entering the freshman class and Mr. Helling the junior class.

Discusses Wayne Township
High School Situation

Editor News, New Castle, Pa.

At a meeting of the taxpayers of Wayne township held in the basement of Slippery Rock Presbyterian church, September 5, it was voted to build a high school in the township. From this popular vote the school directors intend to take steps to carry out their wishes. We are paying Ellwood City between \$7000 and \$8000 a year in tuition. Our tuition last year was \$10 per month. The directors feel sure they can build a building and pay for it from the money they save in tuition in less than ten years. Our state aid is based on the valuation of property behind each teacher. Should we have a high school of our own we would need four (4) more teachers, and our state aid would be increased from 50% to 75%. Which would mean we could hire 16 teachers for \$600 less money than we would have to pay for our present 12 teachers.

ELLWOOD CITY, Sept. 14.—Twenty-two members of the Women's Missionary society of the Camp Run United Presbyterian church and a number of special guests met yesterday at the home of Mrs. Alice Burry of Zellenople for the regular meeting. Among the guests were Mrs. Margaret Moyer and Miss Winona Moyer of Zellenople and Mrs. Harry Burry of Camp Run.

At one o'clock the guests partook of a delicious tureen dinner. The day was spent in completing garments to be sent to the Columbia hospital at Wilkingsburg.

The mission study period was conducted by Miss Pearl Miller and interesting papers on the topic were read by Mrs. Herbert Sturgeon, Miss Bertha Sturgeon, Mrs. Loy Weller and Mrs. Wilbur Steffler. Plans were made to hold an apron party the first part of September. Definite arrangements were made for the annual Thanksgiving services to be held Sunday, October 8, when a program will be presented and Miss Evelyn McFarland, a missionary to India who is on furlough, will be the guest speaker.

Tri-State District Boosts Flood Control

(International News Service)
PITTSBURGH, Sept. 14.—Fifty municipalities represented in the tri-state authority, organization of communities for the advancement of the proposed \$5,000,000 federal flood control project, have organized local committees under the authority, it was announced by Mayor John S. Herron today.

Reports to Mayor Herron and George S. Davidson, president of the Pittsburgh flood commission, listed resolutions of support from municipal councils, chambers of commerce and civic organizations, with countless letters and telegrams from individuals and industrial groups throughout the flood affected area.

These communications, carbon copies of which were received here, have been pouring into the office of Public Works Administrator Harold L. Ickes, urging him to approve the flood control project.

Mayors and burgesses, according to the communications received here, have named local committees in the following communities:

In the Ohio watershed: Aliquippa, Beaver, Beaver Falls, Bellevue, Edgeworth, Farrell, Leetsdale, Mercer, McKees Rocks, New Castle, Rosslyn Farms, Sharon and Sewickley in Pennsylvania; Huntington, Parkersburg, Wellsburg and Wheeling in West Virginia; East Liverpool, Gallipolis, Martins Ferry, Shadyside and Steubenville in Ohio.

In the Allegheny watershed: As-

pinwall, Brookville, Butler, Cambridge Springs, Clarion, Franklin, Freeport, Kittanning, Leechburg, Meadville Millvale Oil City Punxsutawney, Saegertown, Sharpsburg, Springdale and Tionesta in Pennsylvania.

And in the Monongahela watershed: Braddock, Clairton, Connellsville, McKeesport, Uniontown, Washington and Waynesburg in Pennsylvania; Clarksburg, Fairmont and Morgantown in West Virginia.

Eight reservoirs have been recommended for immediate construction, subject to approval of the state project, by Major W. D. Styer, district chief, U. S. engineers. They are the French creek, Tionesta creek, Red Bank creek, Crooked creek, Loyalhanna creek and Allegheny river reservoirs in the Allegheny watershed, and the Tygart river and West Fork river reservoirs in the Monongahela watershed.

The additional three reservoirs rejected for immediate consideration are the Mahoning creek, Conemaugh river and Youghiogheny river reservoirs—may be constructed later as the money becomes available, President Davidson explained in an announcement today.

Mayors and burgesses, according to the communications received here, have named local committees in the following communities:

In the Ohio watershed: Aliquippa, Beaver, Beaver Falls, Bellevue, Edgeworth, Farrell, Leetsdale, Mercer, McKees Rocks, New Castle, Rosslyn Farms, Sharon and Sewickley in Pennsylvania; Huntington, Parkersburg, Wellsburg and Wheeling in West Virginia; East Liverpool, Gallipolis, Martins Ferry, Shadyside and Steubenville in Ohio.

In the Allegheny watershed: As-

Methodist church. At 12:30 there will be a luncheon for the missionary societies and at 2 p. m. a union meeting of the societies will be held, with Dr. Lucius H. Bugbee as the speaker.

At 7:30 p. m. there will be a special service in the Stone church commemorating the one hundredth anniversary of the connection of Allegheny College with the Methodist Episcopal church.

Dr. William P. Tolley will preside at this service and the speakers will be Bishop Adna Leonard and Bishop H. Lester Smith.

Death Discloses Real Identity Of Hospital Patient

Man Who For 19 Years Lay In Hospital Bed, Dies, Was Hyman Marks

(International News Service)
KENOSHA, Wis., Sept. 14.—Death has disclosed the identity of Hyman Marks, the "mystery man" who for 19 years lay helplessly paralyzed in a hospital here, unable to give his identity.

He was picked up in a ditch near here in 1914, nearly frozen. He was paralyzed and unable to speak or move his hands to scrawl his identity. He came to be known as "Old Man Rubin."

Through the years relatives only a few short miles away in Milwaukee and Chicago searched in vain for Marks.

"Old Man Rubin" died on August 11 and was buried in potter's field. Published accounts of his death led relatives to investigate and the grave was reopened. An old scar above the eye confirmed the missing man's identity.

Teachers Must Be Needy To Receive Federal Aid

By ARTHUR C. WIMER
Special Washington Correspondent
New Castle News
WASHINGTON, D. C., Sept. 14.—Unemployed teachers must be on charity lists or have their families on charity lists before they can receive aid under the teacher's relief plan promulgated by the Federal Emergency Relief Administration.

In an effort to aid needy teachers the Administration has decided it will spend part of its funds in employing such persons. The administration has authorized state governors and state relief commissions to use federal money in employing unemployed teachers to perform educational functions in schools which have been closed or drastically curtailed.

The intentions of the administration have been misunderstood and have brought a flood of applications from teachers who are without regular teaching assignments but who have bank accounts and other means of support. The administration today stressed that to be eligible for aid, teachers must already be on a charity list or have their family on such list. To use words of administration officials, they must be "busted."

It is not the intention of the administration to give jobs to teachers without permanent assignments but with savings or other visible means of support.

Foreign Whiskey Importation May Be Allowed Soon

Treasury Department May Allow Canadian Whiskey To Be Imported

By ROBERT S. THORNBURG
International News Service Staff Correspondent
WASHINGTON, Sept. 14.—Authorization for the importation of a large quantity of foreign whiskey may be given by the treasury within the next ten days.

Dr. James M. Doran, chief of the industrial alcohol bureau, disclosed that strong pressure is being brought to bear to let down the bars on imports.

Rapidly increasing prices and consumption of medicinal spirits was held to justify such a step. Under the law where domestic stocks are insufficient to meet the demand, the treasury may authorize imports.

About 25,000,000 gallons of American type rye and bourbon are stored in bond in Canada. It was anticipated that if permits for importation were issued the Canadian liquor would "get the call." This whiskey was produced in Canada and is Canadian owned although of the blends sold in this country for medicinal purposes.

Because of the heavy demand for medicinal spirits—four times that of last May and at the rate of about 4,000,000 gallons annually—the industrial alcohol bureau will authorize another increase in the production quota about October 15, Doran said.

The present quota for this year is 11,000,000 gallons. Medicinal requirements justify a jump of about 10,000,000 gallons, officials said. This is not in anticipation of the repeal of the 18th amendment. Doran explained that the law simply requires that the secretary of the treasury maintain the medicinal stocks at an adequate level.

Trooper Arrests Enon Valley Boys

Found Guilty Of Malicious Mischief At Mine Near Enon Valley

State Policeman Andrew Hughmanick, officer in charge of the local state police yesterday arrested on charges of malicious mischief two youths of Enon Valley, North Beaver township. One paid costs and the other was committed by Alderman Brice for five days to the county jail.

According to Trooper Hughmanick, P. O. Cannon, this city, operates a coal mine in North Beaver township.

The boys, Raymond Warner, 17, Enon Valley, R. D. 2, and Robert Hoenshell, 13, also of Enon Valley, R. D. 2, a few days ago sent a mine car down the slope with a mine car down the slope with damage to the car. They also, it is charged, damaged a mine shanty and removed some tools.

They were charged with malicious mischief. Hoenshell paid the costs and Warner was committed in default of the fine and costs.
